

# shesto™

Trusted for quality since 1907

Precision Tools for Model Making, Hobby, Craft,  
Electronics, Restoration & Small Precision DIY Tasks

[www.shesto.com](http://www.shesto.com)

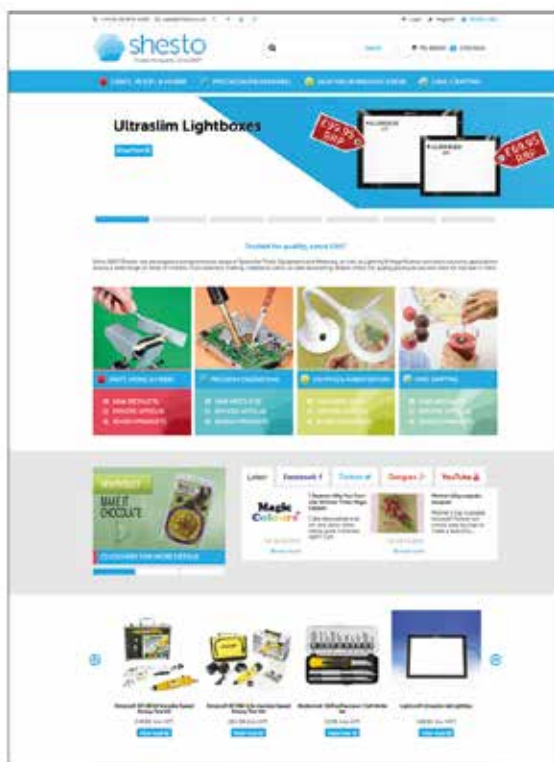

Since 1907, Shesto have been developing and supplying specialist precision tools, equipment and materials covering a wide range of applications and fields of interest. From hobby & craft to precision engineering, electronics, renovation & restoration; Shesto provides the right tool for the task at hand. Shesto products come from trusted factories with good quality control procedures and the necessary certification.

Shesto Ltd, with it's commercial office in Watford and distribution centre in Thetford (UK) supplies distributors worldwide and has built strong customer relationships based on quality and excellent customer service. This was recognised when Shesto had the honour of receiving the Queen's Award for Enterprise: International Trade (2004).

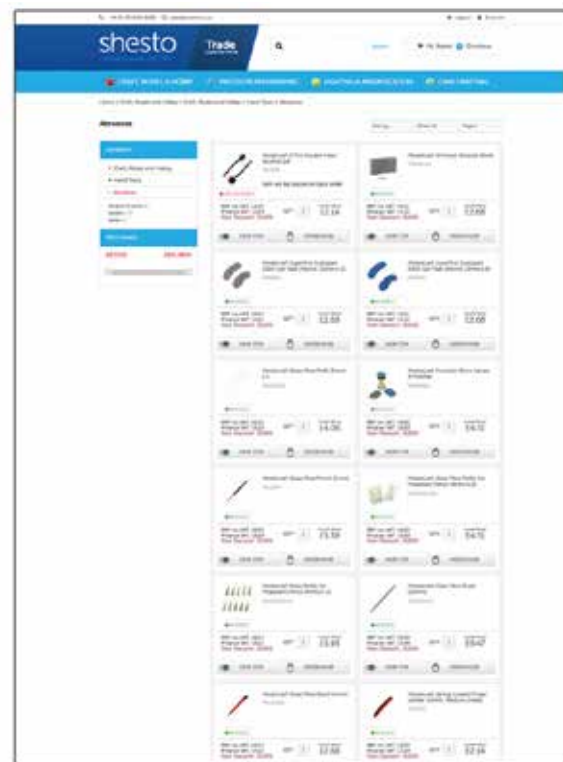

Our products are branded and packaged with the emphasis on engaging the end user and educating them on product uses, features & benefits. Our family of brands include: Modelcraft, Rotacraft, Soldercraft, Spraycraft and Lightcraft.

Working in partnership with retailers, manufacturers, wholesalers and distributors, we plan, design, build and evolve stunning ecommerce solutions that seamlessly join up all our channels and business systems.

The **Modelcraft** Collection is a comprehensive range of useful, often hard to find precision hand tools and accessories essential for any tool box. These quality tools cover many uses where detail, precision and close up control are needed, such as: model making & repairing, hobby & craft, electronics & light engineering, jewellery making, antiques restoration, renovation & repair work, as well as those smaller DIY and household tasks.

**Rotacraft** offers a good selection of compact 12V, 230V and cordless rotary tool sets, attachments and accessories, for the beginner, enthusiast or professional user. Ideal for modelling, electronics, antique restoration, engraving, jewellery making, smaller DIY jobs and general repairs and renovation where precision is required.

Soldering is an easy and inexpensive method of joining light articles made from steel, copper or brass and securing wires made from these materials. Whether you are looking for a traditional electric soldering iron, a cordless battery or butane gas operated unit, **Soldercraft** will have the right tool. Also featured, a selection of excellent pyrography tool sets for marking and decorating, wood and leather.

The **Spraycraft** range includes great value airbrushes, ready-to-use kits, compressors and accessories for the beginner as well as the enthusiast. From easy to use single action broad stroke to dual action detailing airbrushes, the Spraycraft selection of airbrushes is used across various fields of interest including modelling, art & craft, automotive, beauty, cake decoration and DIY.

**Lightcraft** offers lighting & magnification solutions for close-up and detailed work in the home, studio or workplace. The range includes LED & fluorescent magnifier & tasks lamps, headband & handheld magnifiers as well as slim line Lightboxes. All Lightcraft products are tested and checked carefully at point of manufacture and comply with EU quality standards; CE, RoHS, EUP, WEEE. The lamps are energy efficient and the LEDs are environmentally friendly.

From occasional user to professional, Lightcraft has the product to suit your needs. The uses are wide and varied, including reading, writing & study, crafting & modelling, sewing & tapestry, jewellery making, light industrial & electronics, dental & optical lab work, airbrushing, nail art & filing, stamp collecting, painting and even smaller DIY tasks....The list is endless!

## PLIERS & NIPPERS

### Box Joint Pliers & Nippers (115mm)

Quality stainless steel pliers & nippers have been specially designed for precision work. These joint construction pliers retain precise alignment even under strain and after considerable use. Jaws will never develop looseness or wobble, yet open and close smoothly.

#### PPL1151 Flat Nose Pliers

- For pulling, gripping and holding
- Smooth non marking jaws and inbuilt spring

#### PPL1152 Snipe Nose Pliers

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

#### PPL1152/B Snipe Nose Bent Pliers

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

#### PPL1153 Round Nose Pliers

- For twisting, curling & folding
- Smooth non marking jaws and inbuilt spring

#### PPL1154 Top End Cutter

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

#### PPL1155 Side Cutters

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

### Hobby Pliers & Nippers

Stainless steel pliers, ideal for most modelling, hobby & smaller DIY applications. Comfortable insulated handles and opening spring make these a joy to use.

#### PPL5701 Round Nose (135mm)

- For pulling, twisting, curving & folding
- Smooth non marking jaws and inbuilt spring

#### PPL5702 Flat Nose (145mm)

- For pulling, gripping and holding
- Smooth non marking jaws and inbuilt spring

#### PPL5703 Side Cutter (120mm)

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

#### PPL5704 Half Round (145mm)

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

#### PPL5705 Bent Nose (145mm)

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

### Slim Line Box Joint Pliers & Nippers

Slim profile, fine point pliers for delicate assembly work in model making, electronic & jewellery applications. They feature box joint construction for maximum strength & accuracy, jaws and points that are perfectly aligned and comfortable grips with spring openings.

#### PPL7341 Diagonal Cutter

- For nipping & cutting wires, thin metals & plastics
- Length 110mm

#### PPL7342 Bent Nose Plier

- For pulling, twisting, gripping and holding
- Length 115mm

#### PPL7343 Round Nose Plier

- For twisting, curling & folding
- Length 120mm

#### PPL7344 Flat Nose Plier

- For pulling, gripping and holding
- Length 120mm

#### PPL7345 Chain Nose Plier

- For pulling, twisting, gripping and holding
- Length 115mm

### Combination Box Joint Pliers (130mm)

Combination pliers, ideal for bending and forming metal. The stainless steel jaws will never develop looseness or wobble, yet open and close smoothly. For fine jewellery making, bead-craft & modelling applications.

#### PPL1306 Half Round/Flat

- Ideal for making curves in wire and shaping rings or bezels • Half round and flat plier tips

#### PPL1307 Round/Concave

- For shaping small jump rings & wire looping
- Round and concave plier tips

#### PPL1308 Round/Flat

- For forming loops, twisting and bending
- Round and flat plier tips

#### PPL1309 Concave/Half Round

- For bending & forming metals
- Concave and half round plier tips

### Value range of Mini Pliers & Nippers

1 PPL6001 - Flat Nose Serrated Combination Pliers (120mm)

2 PPL6002 - Snipe Nose Serrated Combination Pliers (125mm)

3 PPL6003 - Snipe Nose Smooth Bent Pliers (125mm)

4 PPL6004 - Top Cutter Pliers (115mm)

5 PPL6005 - Side Cutter Pliers (110mm)

6 PPL6000 - Set of 5 Pliers & Zip-Up Case

## PLIERS & NIPPERS (Continued)

**PPL1207 Straight Jewellers Tinsnips (180mm)**  
**PPL1208 Curved Jewellers Tinsnips (180mm)**

- For cutting light gauge metal
- Suitable for cutting intricate shapes

Exceptional cutting power from especially hardened blades. Ideal for pulling, twisting and holding. Suitable for cutting intricate shapes in light gauge metal.

**PPL5015 Micro Snips**

- Versatile 'Japanese' style scissors
- Built in spring return
- Excellent for modelling, needle-crafts, bead stringing & bonsai trimming

**PPL6703 Economy Sprue & Plastic Cutter**

- Flush cuts in plastics & sprues
- Small cuts in plastic models, military figures and for general hobby & craft

**PPL6704 Flush Cutter**

- Ideal for flush cuts in photo-etched parts, thin wire and plastics
- Spring-action & comfortable insulated grips
- General hobby & craft applications

## Utility Snips

- Multipurpose universal scissors with reinforced cutting edges
- Suitable for tougher materials; card, textiles, rubbers, leathers and paper
- Ideal for craft, hobby & general household use

**PSC0001/S Utility Snips (140mm)**  
**PSC0001/L Utility Snips (180mm)**

**PSC0209 Stainless Steel Scissors (209mm)**

- Easy grip scissors
- Stainless steel blades
- Ergonomic design - for left and right handed use

**PSC1002 Straight Mini Snips**

- Versatile, precision scissors
- Comfortable to use
- Built in spring return
- Excellent for modelling, decals, needle-crafts & bead stringing

## XURON Speciality Pliers & Cutters

Xuron have supplied their fine range of pliers and cutters to the civilian, military electronics and aerospace industries since 1970. Now available to the hobbyist, crafter and engineer we are confident that you will be amazed by their precision and quality.

**PXU0410/A Ultra Flush Cutting Micro-Shear @**

- Cuts small or soft material with no 'pinch'
- Leaves a finished or near finished surface
- Spring returns shear to open position after use

**PXU0410/T High Precision Micro-Shear @**

- Suitable for fine work, such as fibres up to 1mm
- Ideal for cutting trees or wiring a model railway layout
- Light-Touch™ return spring speeds up work

**PXU0420/T Angled High Precision Micro-Shear@**

- Tapered tip provides access in tight areas
- Angled head gets your hand and arm out of the way for improved sight lines
- Ideal for working on the inside of a radius

**PXU0440 High Precision Scissors**

- Extremely comfortable in use
- Especially advantageous for users with arthritic hands
- Rated for cutting soft metals up to 0.13mm

**PXU0450 Tweezernose Pliers**

- Precise enough to handle the most delicate parts
- Strong enough to form and bend wire
- Light-Touch™ return spring speeds up work

**PXU0501 Adjustable Wire Stripper**

- Strips wires 10-26 AWG (2.59mm – 0.405mm)
- Full by-pass shear for added versatility for improved sight lines
- Light-Touch™ return spring speeds up work

**PXU2175/B Track Cutter**

- Cuts quick, clean and square
- Less effort than conventional compression cutters
- Rated for Z, N, HO, OO and S gauges

**PXU2193 Hard Wire & Cable Cutter**

- No special technique required
- Low cutting effort due to shearing action
- Cushioned Xuro-Rubber grips for comfort

## SAWS & SAW BLADES

### Saw Blades for plastic #5 handle (PKN3305)

The saw blades will cut rigid plastic and wood with a small cross-section. Ideal for modelling & project work.

#### PKN1340 #134 Saw Blade

- Length: 125mm/5"
- Depth: 19mm (3/4")
- 42 tpi

#### PKN1350 #135 Saw Blade

- Length: 125mm/5"
- Depth: 25mm (1")
- 42 tpi

#### PKN1360 #136 Saw Blade

- Length: 125mm/5"
- Depth: 32mm (1.25")
- 30 tpi

#### PKN1380 #138 Saw Blade

- Length: 125mm/5"
- Depth: 50mm (2")
- 16 tpi

#### PKN1390 #139 Saw Blade

- Length: 125mm/5"
- Depth: 32mm (1.25")
- 54 tpi

## Zona Razor Saws

Zona is the leading manufacturer of razor saws in the hobby industry. Modelcraft offers a range of Zona products used in the fields of hobby, crafts and fine woodworking.

### Razor Saws

Superfine & fine saws are ideal for wood and plastic without splitting or ragged edges. The medium saw offers longer wear in metal cutting applications.

#### PSA35/050 Superfine 52 tpi

#### PSA35/150 Fine 42 tpi

#### PSA35/200 Medium 32 tpi

#### PSA35/300 Fine Woodcraft Saw

- 0.38mm (.015") thick blade • 165mm (6.5") long
- 22mm (7/8") cutting depth • 24 tpi

An excellent saw for cutting hard and soft woods.

#### PSA35/400 Flush Cutting Saw

- 0.35mm (.012") thick blade • 165mm (6.5") long
- 32mm (1 1/4") cutting depth • 16 tpi

The teeth on this flexible blade have no set so they will cut dowels, pegs and plugs flush without marring the work surface. Cuts on the 'pull' stroke.

#### PSA35/500 Universal Razor Saw

- 0.25mm (.010") thick blade • 165mm (6.5") long
- 30mm (1 1/8") cutting depth • 32 tpi

Cuts balsa and other wood, plastic, copper or brass and leaves a smooth edge.

#### PSA35/140 4 in 1 Saw Set

- 36-555 Fine Kerf 32 tpi
  - .010" x 5 1/2" x 1 3/16"
  - 254mm x 13.9cm x 3cm
- 36-050 Ultra 1 Thin 7 Kerf 52 tpi
  - .008" x 4 1/2" x 7/16"
  - .203mm x 11.4cm x 1.1cm
- 36-458 Large 1 Saber 24 tpi
  - .022" x 4 1/4" x n/a
  - .558mm x 11.4cm
- 36-408 Keyhole 24 tpi
  - .022" x 2 1/4" x n/a
  - .558mm x 5.7cm

#### PSA35/260 Aluminium Mitre Box (140mm)

- Holds materials up to 44mm (1.75") thickness
- Length 140mm (5.5")

An excellent aid for cutting perfect angles, mitred corners Zona Razor as well as Junior Hacksaws.

#### 1 PSA4040 Junior Hacksaw

- Depth of cut 60mm (2 1/8")
- Blade length: 150mm/6"
- Suitable for a wide variety of applications

This value junior hacksaw comes complete with a blade (150mm/6") and features a steel frame with finger guard. Replacement blades are available in packs of 10 (PSA4040/B).

#### 2 PSA4040/B Junior Hacksaw Blades x10

#### 1 PSA5042 Junior Hacksaw

- Beautifully crafted wooden handle
- Hacksaw with fitted blade

This Junior Hacksaw will cut metal, rigid plastic and wood with a small cross-section, such as timber mouldings. Ideal for project work. Replacement blades are available (PSA5042/B). Sold separately.

#### 2 PSA5042/B Junior Hacksaw Blades x10

#### PSA4041 Plastic Mini Mitre Box

- Two 45° and one 90° guide on both edges
- Hold materials up to 38mm (1.5") thickness
- 2 countersunk holes for fixing to your workbench

An excellent aid for cutting perfect angles, mitred corners and splices. Can be used with Zona Razor Saws as well a Junior Hacksaws.

#### PSA5040 Adjustable Piercing Saw Frame

- Accepts blades between 60-160mm
- Accommodates broken blades

This adjustable piercing saw frame can be used with the piercing saw blades x36 (PSA5041/36) which are of 3 grades, coarse, medium & fine. Ideal for fretwork and precision sawing in wood.

#### PSA5041/36 Piercing Saw Blades x 36 For Piercing Saw Frame PSA5040

- Can fit all popular piecing saw frames
- Includes: 12 each of Coarse, Medium, Fine

## No.1 Craft Knives & Blades

### PKN3301 Knurled #1 Handle Fitted with #11 Blade

- Fine angle cuts, carving, etching, piercing, scoring, scraping, scribing & trimming
- Complete control when working on detailed tasks

### PKN4301 Soft Grip #1 Handle with #11 Blade

- Magnetic end for picking up blades and metal components

### PKN4301/S Box Set with Soft Grip #1 Handle & 6 Steel Blades

- Magnetic end for picking up blades and metal components

### PKN1710 #10 General Purpose Curved Blades

- For cutting, carving & trimming
- Fine angle cuts • For light duty tasks

x5

### PKN1711 #11 Classic Fine Point Blades

- Sharp angle for precise cutting
- Perform intricate work

x5

### PKN1716 #16 Scoring Blades

- Perform intricate, detailed cuts
- Work without ripping or tearing • Easy to change directions

x5

### PKN1717 #17 Chiselling Blades

- Perfect for removing fine layers
- Detail work on delicate materials • Chisel has straight, sharp blade

x5

### PKN1767 #67 Angled Chisel Blades

- For chiselling & deburring
- Angled edge • Good for shaping & trimming

x5

### PKN1768 #68 Stencil Edge Blades

- Perfect for trimming & scoring • For stencilling & graphic arts
- Thin neck, excellent for reaching into tight spaces

x5

- All blades packed in safety storage box

### PKN2008 Craft Knife #1 with 6 Steel Blades & Cutting Mat

- Quality #1 handle with inbuilt soft comfort grip
- Magnetic end for picking up blades & other metal components
- Self-healing Cutting Mat (A6 size)
- Storage Box

## No.2 & No.5 Craft Knives & Blades

### PKN3302 Medium Size #2 Handle Fitted with #2 Blade

- For cutting, carving, sawing & gouging

### PKN4302 Soft Grip #2 Handle with #2 Blade

- Magnetic end for picking up blades and metal components

### PKN4302/S Box Set with Soft Grip #2 Handle & 6 Steel Blades

- Magnetic end for picking up blades and metal components

### PKN3305 (115mm/4.5") Plastic Handled Craft Knife with #24 Blade

- Can be used with Modelcraft saw blades • Anti roll body design
- Perfect for wood, cardboard, paper, plastic & light metal foils

### PKN2702 #2 Large Fine Point Blades

- Improved angle for cutting
- Medium weight materials • Exceptional level of precision

x5

### PKN2718 #18 Chiselling Blades

- Razor sharp straight edge
- Perfect for hard or soft wood • For deep cross chiselling

x5

### PKN2719 #19 Angled Chiselling Blades

- For light chiselling & deburring
- Ideal for shaping & trimming • Accurate and detailed cuts

x5

### PKN2722 #22 Curved Carving Blades

- Long edge for curved cutting
- Ideal for plastic & wood • Medium duty tasks

x5

### PKN2724 #24 Deburring Blades

- For cutting, shaping & carving
- Perfect for deburring & making tight cuts
- Sharp angle for effortless work

x5

### PKN2768 #68 Stencil Edge Blades

- Excellent for trimming & scoring
- For stencilling & graphic arts
- Thin neck, excellent for reaching into tight spaces

x5

### PKN2715 #15 Keyhole Saw Blades

- For small interior sawing • Firm enough to stand up to light pressure
- Perfect for cutting plastic & wood

x5

### PKN2727 #27 Saw Blades

- Designed to allow careful & detailed cuts in wood and plastic
- Shorter sawing depth for greater stability
- For working in narrow areas

x5

### PKN3305/S Precision Craft Knife Set 16pcs

- Quality #1, #2 & #5 handles
- 5x blades for #1 handle
- 8x blades for #2 & #5 handle
- For fine angle cuts, precise trimming, cutting, carving, sawing, gouging & shaping
- Storage Case

# KNIVES & CUTTERS

## Retractable Safety Knives

- Retractable precision knife with blade locking feature
- 5cm ruler on the back
- For fine angle cuts & precise trimming

- PKN3216/10 **#10 Retractable Safety Knife**
- PKN3216/10A **#10A Retractable Safety Knife**
- PKN3216/11 **#11 Retractable Safety Knife**
- PKN3216/15 **#15 Retractable Safety Knife**
- PKN3216/S **Retractable Safety Knife Set x4**

## PKN1007/3 Disposable Knife Set x3

- 3 x Disposable knives with safety caps
- Strong nylon handles with inbuilt finger guard
- Fine angle cuts
- Precise trimming

## PKN1003 Razor Knife Set x3

- Snap off blades
- Safety auto-lock system

These razor knives come in 3 different sizes (small, medium & large) and feature locking system. The steel blades can be snapped off easily when required to expose the next sharp edge in line.

## PKN1005 Retractable Trimming Knife

- 160mm/6¼" die-cast body
- Spare blade included in handle
- For modelling hobby & smaller DIY tasks

## PKN1006 Value Craft Knife Set

- Including #1 knife & selection of 6 blades

## PKN4101 Circle (Compass) Cutter

- Designed for cutting accurate circles in paper, card, masking films, leather, vinyl etc.
- Radius from 10mm to 150mm

## PKN4101/B Replacement Blades for Circle Compass Cutter x10

- 10 replacement blades
- 2 Pencil leads

## PKN4150 Plastic Cutter Scriber

- Perfect for scribing and cutting laminated plastics and acrylics
- Leaves no burrs
- Ensures clean and smooth scribed lines
- Spare blade in handle

## PKN4150/B Spare Blades for Plastic Scriber x5

## PKN6193 Rotary Cutter (45mm)

- Cuts a wide range of materials such as fabric, leather and vinyl
- Can be used for cutting paper, materials such as fabric, card and veneers etc.
- Inbuilt blade guard

## PKN6194 Rotary Cutter (28mm)

- Cuts a wide range of materials such as fabric, leather, vinyl, card & veneers
- Very convenient and efficient
- Inbuilt blade guard

Spare blades available:

1 PKN6194/B **Standard**

2 PKN6194/S **Skip**

3 PKN6194/W **Wavy**

4 PKN6194X **Set of 3 Blades**

# KNIVES & CUTTERS (Continued)

## PKN0008/K Precision Saw Set with Scalpel Handle

### PKN0008 Precision Saw Blades

- Ideal for intricate cuts
- For plastics, photo etched parts & wood
- 4 very fine saws (0.12mm)

Excellent for intricate sawing & cutting in plastics, wood and photo etched parts. Blades can fit all small fitment scalpel handles.

## PKN0009/K Precision Saw Set with Scalpel Handle

### PKN0009 Precision Saw Blades

- Ideal for intricate cuts
- For plastics, photo etched parts & wood
- 6 very fine saws (0.24mm)

Excellent for intricate sawing & cutting in plastics, wood and photo etched parts. Blades can fit all small fitment scalpel handles.

## PKN1214/3/11 Scalpel Set Stainless Steel

- Stainless Steel #3 Handle
- 5 x #11 Blades
- Fine angle cuts & precise trimming

## PKN5002 Plastic Scalpel Handle #3

- Plastic moulded handle, comfortable to use

## PKN5002/11 Plastic Scalpel Handle with 5 x No.11 Blades

- Plastic moulded handle, comfortable to use
- Fine angle cuts & precise trimming

The Swann-Morton range of craft knives are manufactured with the same precision cutting performance and consistent quality as their world famous range of surgical blades and handles. The comprehensive range of handles and blades are used by both the amateur and the professional craftsman to perform delicate and precise cutting tasks on a wide range of materials..

## PKN9210 #3 Scalpel Handle & 5 #10A Blades

- Cutting edge professional performance
- Surgical quality steel blades

### Blade options for #3 Scalpel Handle (all packed in 5s):

PKN9271 5 #10 Blades for #3 Scalpel Handle

PKN9272 5 #10A Blades for #3 Scalpel Handle

PKN9273 5 #11 Blades for #3 Scalpel Handle

PKN9275 5 #15 Blades for #3 Scalpel Handle

## PKN9220 #4 Scalpel Handle & 5 #26 Blades

- Cutting edge professional performance
- Surgical quality steel blades

### Blade options for #4 Scalpel Handle (all packed in 5s):

PKN9277 5 #21 Blades for #4 Scalpel Handle

PKN9283 5 #26 Blades for #4 Scalpel Handle

## PKN9205 3 Trimaway - Fixed-Blade Disposable Knives

- Cutting edge professional performance
- Strong nylon handles with protective blade guards

## Cutting Mats

PKN6001 A1 (600 x 900mm)

PKN6002 A2 (600 x 450mm)

PKN6003 A3 (450 x 300mm)

PKN6004 A4 (300 x 200mm)

PKN6005 A5 (230 x 160mm)

PKN6006 A6 (144 x 105mm)

Modelcraft cutting mats are constructed from a 3 layer PVC mat in sandwich structure that ensures no cracking or warping. The non slip surface holds paper firmly and prevents blade run and cutting error. The use of a cutting mat preserves the life of blades and encourages accurate cutting.

## PKN8008 Rotating Cutting Mat

- 30cm x 30cm Self Healing Cutting Mat
- Dual function - stationary or rotating
- Ideal for painting, clay pottery, as well as general craft & hobby tasks
- Includes rule, angle and circular measurements

# CLAMPING & WORKHOLDING

## PCL2228 Helping Hands & Glass Magnifier

- Holds objects at any angle to leave both hands free
- Heavy base to avoid tipping
- Ball joints for easy adjustments
- Quality glass lens with 2x magnification

Useful, versatile device for holding items in position during assembly, soldering or painting.

## PCL2400 Helping Hands & LED Magnifier Workstation

Essential workstation for model making and soldering applications

2-in-1 Magnifier - dia. 75mm/3"

- Main lens 3x mag.
- Insert lens 4.5x mag.
- 10 LEDs, giving a cool, bright light

Work holder with alligator clips & mini vice

- 360 degree rotation
- Locking nut adjustment
- Removable mini vice with 10mm jaw capacity
- Fitted with soldering iron holder & soldering tray *Comes with:*
- USB Cable 1.5m for corded, continual use
- 3 x AAA batteries included

## PCL8010 Universal Work Holder (with wooden handle)

### PCL8010/B Universal Work Holder (with non-slip base)

- Ideal for holding small and odd-shaped parts
- For filing, painting, engraving, sawing, shaping etc.
- The 8 steel pins can be positioned anywhere to accommodate various shapes
- Useful for bending and forming wire
- Can be used as a mini vice
- The head can be removed and locked into a bench vice
- Jaw capacity: 20cm

PCL8010

PCL8010/B

## PVC1650 Mini Vice

- For holding smaller parts in place and working in detail
- 4 non-marking nylon grips, easily repositioned to hold various shapes
- Recessed base designed for use in larger bench vice • Vice Jaw capacity: 30mm

## PVC1660 Spring Loaded Mini Clamp

- Miniature spring loaded sliding clamp
- For holding smaller parts in place and working in detail
- Fitted with 4 fixed nylon non-marking grips
- Jaw capacity: 35mm

## 1 PVC7002 Mini Bench Vice (30mm)

Jaw width: 40mm

Jaw Capacity: 30mm

Bench clamp capacity: 20cm

## 2 PVC7006 Hobby Bench Vice (50mm)

Jaw width: 60mm

Jaw Capacity: 50mm

Bench clamp capacity: 25cm

- Made from an aluminium alloy, combining strength with lightness
- Ideal for use with portable workbenches, kitchen table etc.
- Ensure better accuracy and minimise mistakes
- Perfect for any model maker or DIY enthusiast
- Holds objects securely at the desired angle

## PVC7008 Multi-Angle Bench Vice (55mm)

Jaw Width: 75mm

Jaw Capacity: 55mm (without rubber jaws)

Jaw Capacity: 50mm

- Head rotation: 360 degrees
- Tilt position: 0-90 degrees
- Overall height above the work surface: 155mm
- Made from die-cast aluminium & nickel plated steel
- The head rotates and tilts to help manoeuvre your work piece to the desired angle
- The rubber grips are perfect for holding delicate objects (grips are removable)
- The vertical & horizontal v-grooves are ideal for holding rods, wires or can be attached to benches up to 55mm in thickness
- Adjustable lower clamp grip for uneven surfaces
- Soft grip jaws protect the surface from being damaged

## PVC7012 Universal Suction Vice (70mm)

Jaw Width: 70 mm

Jaw Capacity (without rubber jaws): 70 mm

Jaw Capacity (with rubber jaws): 65 mm

- Head Rotation: 360 degrees
- Tilt position: 0-90 degrees
- Overall height above the work surface: 195 mm
- Weight: 1.4 kg

Powerful suction base with locking handle fixes vice to any flat, smooth surface.

# CLAMPING & WORKHOLDING

## PCL1003 3 G-Clamps and Magnet

- Ideal for general work holding, gluing etc.
- Fitted with non marking nylon grips for light delicate objects
- Use with magnet base as a mini vice
- Capacities: 20mm, 35mm, 40mm

## PCL1222 Bench Tweezers Holder

- Excellent support tool for holding reverse action tweezers
- Leaving your hands free
- Adjustable arm for positioning purposes
- Weight 430g

## PCL3000 Nylon Grip Clamps Set x9

- For holding, gripping and clamping work pieces
- Adjustable grips for better positioning
- 1.5" (38mm) capacity
- 1.0" (25mm) capacity

## G-Clamps

### 1 PCL3025 G Clamps (25mm)

### 2 PCL3050 G Clamps (50mm)

### 3 PCL3075 G Clamps (75mm)

- Lightweight & simple to use
- Essential for any toolbox
- Nylon soft grips for delicate & precise work

## Parallel Clamps

### 1 PCL4201/A Toolmakers Parallel Clamps (50mm/2")

### 2 PCL4201/B Toolmakers Parallel Clamps (63mm/2.5")

### 3 PCL4201/C Toolmakers Parallel Clamps (73mm/3")

- Useful for holding small work pieces together
- Chamfered jaw ends
- Shiny, black finish

The toolmakers parallel clamps consist of two metal jaws which are opened and closed by two screws at right angles to the length of the jaws.

### 1 PCL5044 Straight Locking Forceps Jaws (Smooth) (130mm)

### 2 PCL5045 Straight Locking Forceps Jaws (Serrated) (150mm)

### 3 PCL5046 Curved Locking Forceps Jaws (Serrated) (150mm)

- Stainless steel with quality box joint construction
- For gripping, holding & pulling tasks
- Used by model builders, jewellers, miniaturists, cake decorators, anglers & flower arrangers

### 1 PCL5044

### 2 PCL5045

### 3 PCL5046

## PCL8025 Non-Mar Wedge Clamp

- Ideal for modellers crafters and jewellers
- Holds jewellery, glass, plastics, metals etc.
- Hand held clamp for painting, polishing, buffing, drilling and gluing

As the wedge is driven in the opposite end to the work, the leather lined jaws tighten to grip without marking, whilst holding the item firmly.

## Multi Clamps

These unique clamps are made of technologically advanced materials used in the aircraft industry. The high density carbon fibre beams and the jaws are incredibly supple, giving the clamps a tactile flexibility and pressure sensitivity similar to the human hand. The clamps can be used for holding, pressing, and as a spreading tool for creating a jig.

### PCL8710/2 Multi Clamps x2 (40mm)

- 2 unique multi clamps with 80mm beams & two jaws each
- Capacity between the beams 40mm
- For holding & clamping work pieces whilst gluing, painting etc

### PCL8720 Multi Clamps x1 (200mm)

- 1 x large hobby clamp
- 200mm beam with 2 jaws

# HAMMERS & PIN PUSHERS

## Ball Pein Hammers

PHA1287/01 **Ball Pein 1oz (28g) Length 210mm**

PHA1287/02 **Ball Pein 2oz (56g) Length 245mm**

PHA1287/04 **Ball Pein 4oz (113g) Length 270mm**

- Miniature version of the ball pein hammer
- Used for shaping metal, riveting, marking and decorating

PHA1288 **Mini Hobby Hammer 1 3/4oz (50g)**

- For small pins, nails and tacks • Length 190mm
- Ideal for railway pins, doll houses and picture frames

PHA5111 **Watchmaker Style Hammer 3oz (84g)**

- Swiss type hammer • For striking blows in awkward areas
- Miniature cross pein hammer

PHA5116 **Multi End Hobby Hammer**

- Versatile double-ended hammer
- Lightweight with a knurled grip for comfortable use

Includes six hammer options that simply screw on:

- Ball Pein
- Dome
- Flat End
- Chisel End
- Plastic Flat End
- Brass Flat End

PHA5180 **Brass Jewellers Hammer 3oz (84g)**

- Excellent balance
- Small brass hammer
- Hardwood handle

PHA8366 **Chasing Hammer (5oz/28g)**

- For chasing, chiselling, riveting or peining
- Varnished hardwood handle
- Quality forged steel heads

PAN5004 **Mini Anvil**

- Double horn anvil for precision work
- Hardened drop-forged steel
- Weight 568kg
- Ideal for hammering, beading and shaping

## Pen Grip Pin Pushers & Pins

The pocket sized pin pusher with quality wooden handle is ideal for setting miniature n-gauge rail track on to board or for nailing tasks on wooden boat models, dolls houses and picture frames.

For use with black pins PPU8174B or brass pins PPU8174G.

PPU8174 **Pen Grip Pin Pusher**

PPU8174B **Pen Grip Pin Pusher With 100 Black Pins**

PPU8174G **Pen Grip Pin Pusher With 100 Gold Pins**

- Pocket sized fastening tool
- Ideal for pushing brass or black steel pins into wood or MDF
- Can push pins in to 9mm of plywood
- Pin head capacity: 1.1mm

PPU8174/PB **100 Black Pins For Pin Pusher PPU8174**

PPU8174/PG **100 Gold Pins For Pin Pusher PPU8174**

- For precision nailing tasks on wood

PPU8175 **Pin Pusher With Adjustable Depth Stop**

- Pocket sized fastening tool
- Adjustable depth stop
- Can be used with Hornby type track pins & tacks with 2.9mm dia head

This is a slightly larger version of the pen grip pin pusher, with the added advantage of an adjustable depth stop to ensure that all pins are pushed 'home' to the same depth. It is ideal for setting miniature rail track on to board or for nailing tasks on wooden boat models, dolls houses and picture frames.

# MARKING & MEASURING

## Dividers & Calipers

1 PDV6711/3 **Divider & Calipers 75mm/3"**

2 PDV6712/3 **Outside Divider & Calipers 75mm/3"**

3 PDV6713/3 **Inside Divider & Calipers 75mm/3"**

- Made from high quality stainless steel
- Heat treated points • Micrometer style adjustment

PGA1001 **Digital Plastic Calipers 100mm/4"**

- Clear LCD display
- 3 way measurement
- Measurement mm/inch
- 0.1mm graduation
- 1.5V power battery

## Metal Digital Calipers

1 PGA1100 **Metal Digital Caliper 100mm/4"**

2 PGA1500 **Metal Digital Caliper 150mm/6"**

- Quality stainless steel frame
- Clear LCD display
- 4 way measurement, (inside, outside, depth & step)
- Measurement in mm/inch
- 0.1mm graduation
- Locking screw

True mm/inch conversion for metric and imperial precision - with 0.1mm graduation for accurate measuring.

PGA1652 **Brass Sliding Gauge 80mm/3"**

- Solid brass gauge
- mm/inch conversion
- Notched jaws for inside/outside measurements
- 0.1mm vernier for accuracy

PGA4147 **Vernier Calipers 125mm/5"**

- General purpose steel caliper
- For external, internal and depth measurements

PRU1006 **Steel Rule 150mm/6"**

- Easy to read, conversion table on reverse

PRU1012 **Steel Rule 300mm/12"**

- Subdivided: 0.5mm, 1mm, 1/16", 1/32" & 1/64"
- Handy conversion tables on the back

PRU3012 **Scale Steel Rule 12" (1/12th and 1/24th scale)**

- Useful for dolls house enthusiasts

PGA5001 **5 in 1 Angle Tool & Gauge 100mm/4"**

- Quality steel construction versatile measuring tool - metric/imperial

**Includes 5 functions:**

- 1 Protractor
- 2 Ruler - 4"/100mm
- 3 Centre finder
- 4 Circle divider
- 5 Drill point gauge

PGA5024 **Micrometer 0 to 25mm**

- Great for machinists, engineers & jewellers
- For precise measurement of smaller components
- Measuring range: 0-25mm & graduation 0.01mm

PGA6502 **Depth Gauge with Protractor**

- Metric / Inch measurements
- Stainless steel rule • Spring tension nut for easy depth measurements

When two surfaces are at any angle other than 90 degrees the angle between them can only be measured with a protractor.

PGA6601/A **Depth Gauge & Angle Finder 150mm/6"**

- Stainless steel rule (mm & inches)
- 3 angle finder- 15°, 30° & 45°
- Spring tension nut for easy depth measurement

PPU1001 **Auto Centre Punch**

- Heavy knurled body for easy handling
- Hardened and ground punch point • Adjustable spring tension

PPU1121/S **Drive Pin Punch Set 100mm/4" (4 Piece)**

- For accurate removal of metals pins or nails from a hole.
- Well-proportioned, hardened and tempered with a knurled grip.

Sizes: 1.6, 2.4, 3.0, 4.0mm with an overall length 100mm (4").

PSB0206/G **Punch 'n' Scribe Auto Centre Punch**

- Two in one tool - centre punch and scribe
- Adjustable tension on centre punch & pocket clip included

PSB0805 **Scriber With Fixed Carbide Point**

- Knurled handle for comfortable grip

PSB1412 **Double Ended Handy Scriber 175mm/7"**

- Point for scribing & wedge knife for scraping
- For marking and scoring a variety of different materials

PSB1416 **Machinists Scriber**

- Basic single ended scriber

## Engineers Square

1 PSQ2210/1 **Engineer Square 1"/25mm**

2 PSQ2210/2 **Engineer Square 2"/50mm**

3 PSQ2210/3 **Engineer Square 3"/75mm**

4 PSQ2210/4 **Engineer Square 4"/100mm**

- For accurate marking on metal, wood, plastic etc.
- Hardened and tempered finely polished blade

For checking cut stock or precise measurement of 90° right angles. Accurate on inside and outside edges. Manufactured to BS939.

## DRILLS, REAMERS & TOOL HOLDERS

### 1 PDR1126 Archimedean Drill Holder (with Return Spring)

### 2 PDR1411 Archimedean Drill Holder

- Mini spiral hand drill
- For all small drill bits up to 1mm
- Turns by pushing the knurled centre ring up and down

This mini hand drill is ideal for use with very small drills as supplied in Modelcraft Microbox drill sets PDR4001 and PDR4004.

### PDR1962 Hand Drill & Chuck 6.4mm

- Pistol grip hand drill
- Handy and very safe hand drill on which all gears are enclosed
- Keyless chuck accepts drill bits up to 6.4mm (1/4")
- Drill compartment in handle

### PDR4001 Microbox Drill Set (0.3-1.6mm) x20

- 20 high speed metric drills from 0.3 to 1.6mm in a handy slide-top
- Dispenses one drill at a time
- Keeps drills securely in a place

**Sizes include:** 0.30mm, 0.35mm, 0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm, 0.70mm, 0.75mm, 0.80mm, 0.85mm, 0.90mm, 0.95mm, 1.00mm, 1.20mm, 1.30mm, 1.40mm, 1.50mm & 1.60mm

### PDR4004 Microbox Drill Set (No.61-80) x20

- Contains one of each HSS number (Wire Gauge) drill, sizes 61 to 80
- Inclusive handy sliding top index storage dispenser
- Keeps drills securely in place

**Sizes include:** 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80

### PDR4005 Microbox Shank Drill Set (0.5-2.2mm) x10

- High speed steel drills from 0.5 to 2.2mm all with stranded 2.35mm size shanks
- Inclusive handy sliding top index storage dispenser
- Keeps drill securely in place

**Sizes include:** 0.5mm, 0.6mm, 0.8mm, 1.0mm, 1.2mm, 1.3mm, 1.5mm, 1.8mm, 2.0mm, 2.2mm

### PFR6200 Diamond Engraving Bit Set x20

- Shafts: 2.35mm (3/32")
- For use on ceramics, metal, stone, plastic and glass
- Use with hand held holders or in rotary power tools

### PPV0004 Wing Nut Hand Vice

- For gripping small components eg. pins, wire, rods etc.
- Smooth jaws, width 12.5mm (1/2")
- Max capacity jaw opening 5mm
- Hole along centre of handle for wire & long pins

### PPV1061 Pin Vice - Double Ended (0-2.9mm)

- For drills, taps, pins etc.
- 2 reversible collets: 0 to 1.2mm & 1.3 to 2.4mm & 0.8 to 2.0mm & 1.8 to 2.9mm
- Anti-roll 6-sided body

### PPV2002 Side Locking Holder

- For gripping small components e.g. pins, wire, rods etc.
- Jaw capacity 0-1.5mm
- Length 110mm

## Pin Vices

### 1 PPV2237 Pin Vice with Swivel Top (0-2.9mm)

### 2 PPV2237/D Pin Vice with Swivel Top & 5 Drill Bits (0-2.9mm)

### 3 PPV2238 Pin Vice with Wood Swivel Top (0-2.9mm)

- For drills, taps, pins etc.
- 2 reversible collets: 0 to 1.2mm & 1.3 to 2.4mm + 0.8 to 2.0mm & 1.8 to 2.9mm
- Swivel head for comfort & efficiency

Handy holder for drills, taps & pins. Incorporating swivel head for comfort and efficiency.

2 PPV2237/D comes complete with 5 drill bits: 1.0, 1.2, 1.4, 1.5, 1.8mm.

## English Pattern Pin Vices

### 1 PPV4001/A English Pattern Pin Vice (0 - 1.0mm)

### 2 PPV4001/B English Pattern Pin Vice (0.8 - 1.5mm)

### 3 PPV4001/C English Pattern Pin Vice (1.3 - 3.1mm)

### 4 PPV4001/D English Pattern Pin Vice (3.0 - 4.8mm)

### 5 PPV4001/S Set of 4 English Pattern Pin Vices

- Ideal for holding small tools, drills, taps, etc.
  - Knurled body
  - Hollow for holding long items
- Use to slowly drill tiny holes in various materials by hand with great control and precision. Railway modellers use this tool to drill holes for handrail wire and is useful for holding taps.

## Adaptor Pin Chuck Sets

### 1 PPV4012/S Adaptor Pin Chuck Set with 3 Collets (Capacity 0-2.5mm) Shaft diameter: 6.4mm / 1/4"

### 2 PPV5155 Adaptor Pin Chuck Set With 4 Collets (Capacity 1.0-3.2mm) Shaft diameter: 2.35mm / 3/32"

- For use with miniature drills
- Precise drilling with small size drill bits

## Tool Holders

### 1 PTH1988 Revolving Mushroom Shaped Tool Holder (0 - 3.0mm)

Useful for reaming, tapping & drilling. The wooden handle perfectly fits in the palm of your hand.

### 2 PTH5044 Universal Ball Shaped Tool Holder (0 - 3.0mm)

Ideal for use with gravers, drills, taps & broachers.

- Supplied with two collets
- Capacity 0 to 3.0mm

# BROACHES, REAMERS, PROBES & CARVERS

## Cutting Broaches

- 1 PBR2193 Precision Cutting Broach Set x6 (0.4 - 1.4mm)
- 2 PBR2194 Precision Cutting Broach Set x6 (0.6 - 2.0mm)
- 3 PBR2196 Precision Cutting Broach Set x6 (1.2 - 3.0 mm)
- 4 PBR2316 Precision Cutting Broach (3.0 - 4.0 mm)

- For work on metals and plastics
- Ideal for enlarging or sizing, as well as cleaning & finishing previously drilled holes
- Fitted with comfortable knurled plastic handles

## Smoothing Broaches

- 1 PBR2201 Smoothing Broach Set x6 (0.4 - 1.4mm)
- 2 PBR2202 Smoothing Broach Set x6 (0.6 - 2.0mm)
- 3 PBR2204 Smoothing Broach Set x6 (1.2 - 3.0mm)

- For work on metals and plastics
- Ideal for smoothing & burnishing holes after cutting
- Fitted with comfortable knurled plastic handles

## Reamers

- 1 PDR0074 Tapered Reamer (3-16mm)  
With turning bar for exerting extra pressure
- 2 PDR0075 Tapered Reamer (1-16mm)  
With comfortable grit handle

- Hand operated tapered reamer
- Easily removes burrs & enlarges holes

The hand operated tapered reamer can be used to easily finish and deburr panel holes.

## PFL6009 Diamond Reamer & File Set

- Pin vice type holder with 4 diamond bits
- Longer lasting & faster working than conventional files
- Ideal for precise filing & reaming on plastics, beads & metals

The pin vice type holder comes with 4 useful diamond filing and reaming bits for use with beads, plastics and metals. The profiles included are flat file, 2 pointed reamers and a conical deburring & shaping bit. The holder includes storage for the files with screw on cap.

## PFL6009/S Diamond Reamer & File Accessory Set

- Flat file
- 2 x Pointed reamers
- Conical deburring bit

## Stainless Steel Probe Sets

- PDT5004 Double Ended Stainless Steel Probes x2  
Long Reach - 210mm

- For tensioning, pulling, hooking, bending, twisting, placing & scraping
- Ideal for boat modelling, hobby, electronics & soldering

- 1 PDT5197 Stainless Steel Probes x6
- 2 PDT5197/3 Stainless Steel Probes x3

- Ideal for scraping, shaping & forming models
- Also good for applying, filling & spreading soft materials such as clay, modelling compounds, putty, epoxy and wood filler

## Stainless Steel Carver Sets

- 1 PDT5200 Stainless Steel Carvers x6
- 2 PDT5200/3 Stainless Steel Carvers x3

- For carving, shaping & forming models
- Also good for applying, spreading & smoothing soft materials such as clay, modelling compounds, putty, epoxy and wood filler

## PDT0982 Double Ended Stainless Steel Carver

- For carving, shaping & forming models prior to casting
- Also good for spreading & smoothing soft materials
- Can be used for scraping & general removal

## PCT1006 Wood Carving Set with Sharpening Stone

- Square skew (4mm and 6mm)
- Bent gouges (3mm and 6mm)
- V tool
- Parting tool
- Sharpening Stone

These 6 tempered & hardened steel chisels are ideal for work on various wood types, helping you create the desired designs and effects. Use the sharpening stone to maintain the chisels and their effectiveness.

## PSP5161 3 Sided Scraper

- For scraping and deburring
- Use on metal, plastics, laminates & solder
- Safety holder with reversible blade beads & metals

# FILES & ABRADERS

## PBU1019/1 Glass Fibre Pencil (4mm)

- Propelling pencil action to control level of abrasion
- For accurately de-rusting, demurring, cleaning
- Surface preparation on metals, plastic & wood

## PBU1019/2/10 Glass Fibre Refills for PBU1019/1 x10

## PBU1020/2/10 Brass Fibre Refills for PBU1019/1 x10

## PBU1022/10 Glass Fibre Brush (10mm)

- Cleans, deburrs, de-rusts, polishes & burnishes
- Fast working abrasive action • Ideal for work on larger surfaces

Can be used on metals, plastics & wood.

## PBU2137 Glass Fibre Pencil (2mm)

- Clutch-Pen action
- For derusting, deburring & cleaning metals, plastics & wood

The abrasive glass fibre pencil is ideal for accurate and rapid cleaning, de-rusting and surface preparation on a variety of materials, especially in less accessible areas. The clutch-pen action exposes more or less of the glass fibres. The shorter the fibres showing, the more abrasive the action.

## PBU2138/5 2mm Glass Fibre Refill x5

## PFL6001 Medium Cut Needle Files Set x10

- Ideal for general use
- 10 different profiles
- Medium cut
- Good value for money

Set of ten assorted imported needle files in a handy wallet. These medium cut files represent very good value for money and are ideal for general use.

## PKF3443/2 Precision Needle File Set Swiss Style x3

- 3 x 160mm quality medium cut files
- Flat, Half Round & Round profiles for working on various shapes & contours
- Ideal for precise filing on plastic & metals

These quality 160mm needle files with profiles, flat, round and half round are excellent for precise filing tasks in plastics and metals. Precision made in the EC, they are longer lasting and work more effectively than standard files.

## PFL2211 Universal Needle File Handle

- Accepts all regular needle files
- Beautifully turned in hardwood

This strong handle fits neatly in the hand and has that wonderful feel of quality about it. You can easily grip the handle and use with all regular needle files. Can be used with Modelcraft PKF3443/2, PFL6001 and PFL6006.

## PFL6003 Double Ended Riffler Files Set x10

- For reaching places not accessible with needle files
- 10 different profiles
- Medium cut
- Good value for money

These riffler files are the same size as needle files, they are well made and have a very fine cutting surface and good sharp points. They cut well and evenly, and offer a good variety of shapes, including flat, curved, round, triangular and knife.

## PFL6004 Needle File Set x6

- 140mm x 3mm files
- Rubber cushion-grip handles
- Handy storage box

## PFL1006 Warding File Set x6

- 190mm files with rubber cushion-grip handles
- For use on metal, wood & plastic

These 190mm warding files are for general purpose filing and come in various shapes for use on plastic, metals & wood.

## PFL6006 Needle Rasp File Set x6

- 6 x 140mm rasp file profiles used for rapid material removal, without clogging
- Ideal for use on wood or wax

The needle rasp file set includes 6 profiles: flat, square, round, half round, triangle & warding. Excellent for use on wood or wax for rapid material removal, without clogging.

## PFL6007 Mini Diamond File Set x5

- 5 x 100mm diamond file profiles for working on various shapes & contours
- Ideal for intricate filing on small plastic models and metals
- Ideal for use on wood or wax

The mini diamond file set includes 5 profiles: flat, square, round, half round & triangle. Excellent for the smaller more intricate modelling & filing tasks in plastics and metals.

## PFL6002 Diamond Needle File Set x5

- 5 x 140mm diamond file profiles for working on various shapes & contours
- Longer lasting & faster working than conventional files
- Ideal for precise filing on plastic & metals

The diamond needle file set includes 5 profiles: flat, square, round, half round & triangle. These 140mm tools are excellent for precise filing tasks in plastics and metals. Longer lasting and faster working than conventional files.

## PFL6008 Diamond Hand File With Wooden Handle

- 75mm x 3mm diamond file
- Ideal for general purpose filing applications and for reaching into tight slots

Ideal for general purpose filing applications and for reaching tight slots. The diamond file can be used on plastics, metals & wood.

# ABRADERS & PRECISION SANDERS

## Reusable Abrasive Blocks

- For better results use with water, detergents, white spirit or paraffin
- Excellent for paint preparation, ideal for automotive, jewellery, craft & smaller DIY tasks

### PAB0030 Extra Coarse (30 Grit)

- Effective for sanding & material removal

### PAB0060 Coarse (60 Grit)

- For sanding and cleaning surfaces

### PAB0120 Medium (120 Grit)

- For blending, polishing & smoothing surfaces by removing scratches

### PAB0240 Fine (240 Grit)

- Ultimate professional finish

### Washable & Reusable Abrasive Blocks

Abrasive blocks are effective for blending, polishing and smoothing surfaces by removing scratches left by the coarser grits on materials such as metal, wood, plastics, leather, rubber and fibreglass.

## Dual Grit Flexi Sanders

- Grits: Coarse (60/100), Medium (240/400) & Fine (600/1000)
- Flexible for working on both flat and curved surfaces
- For model making, craft & smaller DIY tasks

### PAB1000 Extra Flexi Slim-Line Sanders x3 (90x19x6mm)

Flexible for working on flat & contoured surfaces, especially for those hard to reach areas.

### PAB1100 Flexi-Slim-Line Sanders x3 (90x19x12mm)

Perfect for material removal, polishing and cleaning materials.

### PAB1200 Extra Flexi Wide Sanders x3 (80x30x6mm)

Can be used for paint preparation, de-nibbing, stripping & sanding rough and built up surfaces. They also create a clean & smooth polish.

### PAB1000 Flexi Wide Sanders x3 (80x30x12mm)

Thicker sanders are excellent for completely removing blemishes and scratches whilst restoring a high-gloss finish on materials.

## PAB1401/S Precision Micro Sander & Polisher

- Ideal for polishing out scratches, weathering & paint surface preparation on metals, woods and plastics
- Double ended holder with standard end for work on flat surfaces and soft end for work on contoured shapes

Spare superfine pads also available (sold separately):

- 1 PAB1415 1500 grit x10 (35mm dia) Scalloped Sander Pads
- 2 PAB1425 2500 grit x10 (35mm dia) Scalloped Sander Pads

## Spring Loaded Finger Sanders

- 1 PFL6010 Spring Loaded Finger Sander (10mm, medium grade)
- 2 PFL6020 Spring Loaded Finger Sander (20mm, medium grade)
- 3 PFL6040 Spring Loaded Finger Sander (40mm, medium grade)
- 4 PFL6025 Spring Loaded File Sander (25mm, medium grade)

A unique shape for working on both flat and curved surfaces and comes with a pre-fitted medium sander band.

### Sanding band packs include:

1x coarse grade band, 1x medium grade band, 1x fine grade band

PFL6010/B 3 Sanding Bands for PFL6010

PFL6020/B 3 Sanding Bands for PFL6020

PFL6040/B 3 Sanding Bands for PFL6040

PFL6025/3 3 Sanding Bands for PFL6025

# TWEEZERS AND PICK & PLACE TOOLS

## Fine Stainless Steel Tweezers

- 1 PTW2185/2A Flat Rounded Tweezers 120mm
- 2 PTW2185/3 Fine Tweezers 120mm
- 3 PTW2185/5 Super Fine Tweezers 120mm
- 4 PTW2185/7 Extra Fine Curved Tweezers 115mm
- 5 PTW2185/SS Very Fine Tweezers with Narrow Points 120mm
- 6 PTW2185/AA Fine Tweezers with Strong Bevelled Edges 120mm

- Ideal for miniature and microscopic parts & components
- Very sharp, pointed for accurate & delicate handling
- Anti-acid & anti-magnetic

### PTW1093/FR Fine Serrated Locking Tweezers 160mm

- Ideal for miniature parts & components
- Straight and pointed for accurate & delicate handling
- Anti-acid & anti-magnetic
- The locking facility allows you to grip items hands free

### PTW1126 Straight Tip Reverse Action 160mm Blunt End Tweezers

- Ideal for gripping small parts & components
- Reverse action gripping items hands free

### 1 PTW1127 Straight Tip Reverse Action Blunt End Tweezers with Fibre Grip 160mm

### 2 PTW1128 Curved Tip Reverse Action Blunt End Tweezers with Fibre Grip 160mm

These fibre grip tweezers are ideal for holding small parts in position whilst soldering and also stop heat from travelling up into your fingers. The 160mm length ensures that you have enough of a working distance and the reverse action means that you even grip items hands free.

### PTW1150/2 Plastic Tweezers 160mm x2

- Multi-Purpose plastic tweezers
- Serrated tips for better grip
- Ideal for holding small delicate parts & components

### PTW5000 Set of 4 Steel Tweezers

- Ideal for miniature and microscopic parts & components
- Strong fine points, ideal for accurate controlled handling
- Approx 110mm long

This is a selection of the 4 most popular steel tweezers, ideal for accurate and controlled picking, holding and placing of small parts & components. This set includes a self-locking needle point, angle point, straight point and flat point.

## Strong Stainless Steel Tweezers

- 1 PTW5350 Strong Straight Tweezers 175mm
- 2 PTW5351 Strong Curved Tweezers 175mm

- Ideal for miniature and microscopic parts & components
- Strong fine points, ideal for accurate controlled handling
- Anti-acid & anti-magnetic

### PTW1124 LED Magnifier Tweezer (1.75x mag)

- For picking up small part and components
- Also for removing splinters & threading needles
- Includes adjustable magnifier 1.75x mag
- Comes with LED light & adjustable head
- Batteries fitted

### PTW1125 Magnifier Tweezers

- Ideal for miniature and microscopic parts & components
- Very sharp and pointed for accurate & delicate handling
- Magnification 1.75x

## Pick & Place Tools

- 1 PTW1131 Pick & Place Tool (Fine)
- 2 PTW1132 Pick & Place Tool (Medium)
- 3 PTW1133 Pick & Place Tool (Large)

- For picking up & pinpoint placing of small objects
- Sticky silicone tips for accurate handling
- For plastic model components, decals, beads, gems, glitters & stamps

### PTW1129 Pick-Up Tool with Steel Grips

- For retrieving and holding small parts & gripping components in position
- Three Spring-loaded steel grips hold any shape up to 30mm
- Thumb controlled plunge action

### PTW1130 Telescopic Magnetic Pick-Up Tool

- Retrieves parts from awkward places
- Extends from 120-300mm
- Pen style clip

# SCREWDRIVERS

## Precision Screwdrivers

Smaller, detailed tasks such as radio controlled modelling & repairs, work on computers, cameras, clocks & watches, mobile phones, glasses and electronics require precision and correct tool. Our range of quality screwdrivers have been carefully selected for these tasks.

### PSD1011 Precision Swivel Top Screwdriver Set

- 9 precision screwdrivers
- Phillips: No's. 00,0,1
- Slotted blades: 1.0, 1.2, 1.4, 1.8, 2.4, 3.0mm
- 1 Awl • 1 Pair of tweezers

This swivel top set have precision ground and hardened blades with nickel plated bodies & swivels heads perfect for smaller & detailed tasks.

### PSD1600 Slotted Screwdriver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 1.0, 1.5, 2.0, 2.4, 3.0, 3.5 x 50mm

### PSD1602 Phillips Screwdriver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- No. 0000, 000, 00, 0 x 50mm
- No. 0, 1 x 75mm

### PSD1603 Torx Screwdriver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- T6, T7, T8, T9, T10, T15 X 50mm

### PSD1604 Nut Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 3.2, 4.0, 5.0, 5.5, 6.0, 7.0mm x 75mm

### PSD1606 Hex Key Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 0.9, 1.3, 1.5, 2.0, 2.5 & 3.0mm x 50mm

### PSD1607 Ball Point Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 1.3, 1.5, 2.0, 2.5, 3.0, 3.2mm x 50mm

# SPECIALIST CRAFT TOOLS

## Tools for Enthusiasts and Experts

### PSS1060 StyroSten 3 in 1 Tool

- **Hot Wire Cutter** – Heats instantly, creating fast clean precision cuts in polystyrene & foam
- Excellent for school & art projects and for casting & moulds
- Perfect for cutting bespoke cake dummies & toppers
- **Stencil Burner** – Quickly and effectively cuts bespoke mylar stencils
- Cuts easily without ragged edges
- For creating quality signs & displays, home decorating, interior design & architectural elements
- **Hot Knife** – Ideal for plunging, slicing & dicing
- Create, carve and cut in any direction
- Make channels in cake dummies for flower stems
- Essential for home craft, DIY, hobby projects & personalised storage space

Includes 2 replacement wires. Requires 4 X AA Batteries (Not included).

### PSS1065 StyroSten Spare Wire x 5

- For use with PSS1060

### PPU1000 Revolving Hole Punch

- Punch sizes: 2.5, 3.0, 3.5, 4.0, 4.5 and 5.0mm
- Revolving head for easy punch size changes
- Ideal for use on leather, plastic and textiles
- Includes locking feature for storage

### PPU1100 Eyelet Plier Set

- 100 eyelets included
- Locking feature for storage
- For punching and securing eyelets

Ideal for general hobby and craft applications.

# OILERS, PAINT BRUSHES & ACCESSORIES

## POL1000 Precision Lubricator

- General purpose lubricating oil
- Lightweight easy to use
- Ideal for delicate, precision work
- Delivers small drops of oil as required

Ideal for household oiling tasks such as squeaky hinges, scissors, sewing machines, hedge cutters, chain saw chains, drill chucks and other mechanical devices in need of lubrication. Also excellent for bicycle and motor cycle chain, links, brakes and car door hinges.

## POL1002 Red Transmission Oil

- Ideal for lubricating small bearings, transmissions, mechanical parts etc.
- Specially formulated oil for use on Radio Control models
- Pinpoint lubrication with needle applicator

The Red Transmission Oil has been specially formulated for use on Radio Control models. Ideal for lubricating small bearings, transmissions as well as mechanical parts.

## Superfine Oilers

The superfine applicator delivers oil exactly where it is needed with pin point accuracy and ease. The clean tip system with non-drip valve prevents leakage when not in use. Light pressure will give one drop, whilst constant pressure will allow oil to flow. The metal tip is protected by an oil proof gasket in cap.

### POL1201 Multifunction Precision Engineering Oil

- Pinpoint lubrication for bikes, garage door, models, lawn mowers etc.

### POL1202 Superfine Oiler With Teflon particles

- Teflon allows oil to flow easily into awkward parts
- Pinpoint lubrication of fishing reels, guns, bearings, bikes & mechanical parts

### POL1203 Rust Removing & Inhibiting Oil

- Rust removal and inhibition
- Loosens solid screw & bolt connections
- Deals with rusty thread

### POL1204 Car Lock De-Icing Pen

- Prevents freezing of car & door locks
- Thaws frozen locks

### POL1205 Chain Oil

- High viscosity chain oil
- Ideal for bikes, chain saws & other types of chain

### POL1206 Electrical Contact Oil

- Specifically for electrical contacts
- Contains addinol electro contact oil
- For cleaning & protecting electrical contacts from corrosion

### POL1017/4 Dropper Bottles (17ml x4)

- Ideal for liquid storage
- Controlled fluid application
- Can be used with paints and oils

A set of 4x17ml dropper bottles, ideal for liquid storage and controlled fluid application. Best for use with paints and oils.

The nozzle of the bottle allows a drop at a time for dispensing liquid, giving you the control you need.

## General Purpose Syringes

- 1 POL1001/3 Precision Syringe (1ml) x 3
- 2 POL1005/3 Precision Syringe (5ml) x 3
- 3 POL1012/C Precision Curved Syringe (12ml)

- Ideal for liquid application in hard to reach areas
- Multitude of uses

These general purpose syringes are ideal for liquid application in hard to reach areas and accurate dispensing of colours, glues and greases.

## Precision Masking Tapes

- 1 PMA2001 1mm x 18m Twin Pack
- 2 PMA2002 2mm x 18m Twin Pack
- 3 PMA2003 3mm x 18m Twin Pack
- 4 PMA2006 6mm x 18m Twin Pack
- 5 PMA2010 10mm x 18m Twin Pack
- 6 PMA1018 18mm x 18m Single Pack

- Precise & intricate masking
- No paint bleed
- No annoying paint lines
- U.V. protected for masking in direct sunlight
- No tedious cleaning required
- Can be used on contoured surfaces
- Smaller sizes can follow curves without crinkling

## Sable Brushes

- 1 PPB2201/0 Pure Sable Brush (Size 0)
- 2 PPB2201/00 Pure Sable Brush (Size 00)
- 3 PPB2201/000 Pure Sable Brush (Size 000)
- 4 PPB2201/1 Pure Sable Brush (Size 1)
- 5 PPB2201/2 Pure Sable Brush (Size 2)
- 6 PPB2201/S1 Pure Sable Brush Set x5 (All Sizes)

All pure sable brushes in the Modelcraft Collection are made with best quality Red Sable hair which is well renowned for its liquid holding capacity and spring whilst carrying the paint with flow and precision. Used for detailed work on models, lead soldiers, dolls' houses, and restoration work on fine art, antiques and photographic retouching.

### PBL1297 Rubber Blower

- For removing dust from sensitive objects such as camera lenses, keyboards, watches etc.
- Metal tip provides precise air flow control
- Ideal for blowing away dirt or particles in awkward areas

Used by watchmakers, modellers and electronics enthusiasts & professionals. Ideal for removing dirt from watch dials, blowing away particles inside mobile phones, circuit boards & model trains, motors.

# MAGNIFIERS

## POP1035 Plastic Eye Glass

- Magnification 3x
- Focal length 87mm (3.5")

These eye glass magnifiers helps reduce eye strain. Ideal for precision & miniature work.

## POP1038/35 Clip-on Spectacle Eye Glass

- Magnification 3x
- Focal length 87mm (3.5")

These eye glass magnifiers helps reduce eye strain. Ideal for precision & miniature work. The clipon spectacle eye glass is useful for extra comfort.

## POP1490/B Double Lens Jewellers Loupe

- Magnification x10
- Focal length 18mm (0.7")
- Distortion-free viewing through spaced 18mm double lenses
- Includes leather pouch

This double lens jeweller's loupe is a small folding 10x magnifier, with 18mm focal length. The loupe is extremely useful when examining marks on jewellery or the quality of gemstones and anything within a small scale such as stamps, coins, solder joints etc. Includes a handy protective quality leather pouch.

## POP1800 Flexible Neck Magnifier

- Magnifier glass dia.115mm/4.5"
- Magnification 1.75x (3 dioptre)
- Flexible neck for multi-positioning
- Heavy base (464g) with inbuilt storage tray
- Portable

This table top magnifier with flexi neck is perfect for close-up precision work and detailed inspection.

# TURNTABLES

## 1 PTT1001 Mains/Battery Turntable (10cm)

## 2 PTT1401 Mains/Battery Turntable (14cm)

- Display: Models, collectables & antiques
- Airbrushing: Airbrush applications such as scale modelling & cake decorating
- Photography: Achieve different photographic views as the turntable rotates 360°
- Cakes: Great for creating moving parts or tiers. Perfect for piping borders & airbrushing
- General: Retail, shows, TV, film and video, product launches & special occasions

TECHNICAL SPECIFICATIONS:	PTT1001 (Turntable – Mains/Battery)	PTT1401 (Turntable – Mains/Battery)
Dimensions Dia:	10cm (4") / Height: 4.4cm	14cm (5.5") / Height: 4.5cm
Input Voltage	220-240V, 50Hz	220-240V, 50Hz
Output Voltage	DC 5.0V, 500 mA	DC 6.0V, 500 mA

**KITS**

**PKN1050/CM  
Knife Set & A5 Cutting Mat (50 Piece)**

- Set Includes**
- Handles, blades, cutting guide, planer, sharpening stone
  - A5 self-healing cutting mat
  - Attractive aluminium carry & storage case
- Ideal for craft, hobby & smaller DIY tasks.

**PTK1015  
Craft & Model Tool Set (15 Piece)**

- Set Includes**
- Side cutter • Snipe nose plier
  - Modellers knife with no. 11 blade
  - 5x no. 11 spare blades
  - Flat hobby file • Flat end tweezers
  - Bent nose tweezers
  - Grip clamps: 2 x 2" (50mm)
  - Grip clamp: 1 x 3" (75mm)
  - A5 size self-healing cutting mat

**PTK1018  
Hobby & Craft Tool Set (18 Piece)**

- Set Includes**
- 2 Pliers – snipe nose & side cutters
  - Mini flat file
  - Craft knife and 5 spare no.11 blades
  - Chisel knife & 5 spare blades
  - Sanding block
  - 2 tweezers – flat end and bent nose

**PTK1009  
Plastic Modelling Tool Set (9 Piece)**

- Set Includes**
- Plastic sprue cutter
  - Mini flat file
  - Self healing cutting mat
  - Craft knife
  - 5 spare blades

An essential set for all plastic modellers.

**PTK1013  
Railway & Hobby Hand  
Tool Set (13 Piece)**

- Set Includes**
- Mini pliers • Craft knife & 5 No.11 blades
  - Bent nose tweezers • Swivel top pin vice
  - Hammer • Razor saw & handle
  - Phillips screwdriver

A selected range of precision tools for boat building as well as general craft and model making.

**PTK1012 Boat Building  
& Craft Tool Set (12 Piece)**

- Set Includes**
- Snipe nose pliers
  - Flat diamond file
  - Craft knife & 5 no.11 blades
  - Bent nose tweezers
  - Sanding & finishing block
  - Swivel top pin vice
  - Quality craft hammer

A selected range of precision tools for boat building as well as general craft and model making.

**PTK3030 Plank Bending Tool Kit 220-240v, 30w**

- Ideal for bending planking strips to the desired curvature, especially for boat modelling
- Works on dry strips with a maximum thickness of 1mm
- For thickness over 1mm, the strip must be dampened

- Set Includes**
- Tool with rounded head, tool stand & wooden template form.
  - Use with caution as parts will be hot

**PTK8040 Plank Bending Tool with Spare Blade**

- Perfect for bending strips to the desired curvature
- Includes 1 plastic blade stopper & 1 spare blade
- The more cuts produced the tighter the bend

For perfect and precise bending of all wooden strips, such as planking on model boats up to 2mm thickness.

# SOLDERING - Electric Irons

## 230v Electric Soldering Irons

SC7015 **15w Iron and 3.5mm Pencil Tip #6**

SC7025 **25w Iron and 4mm Pencil Tip #8**

SC7040 **40w Iron and 5mm Chisel Tip #8**

SC7080 **80w Iron and 7mm Chisel Tip #8**

SC7100 **100w Iron and 8mm Wedge Tip #8**

SC1025 **25w Soldering Iron Kit**

240v-50Hz, 25w soldering iron with 1.2m cable.

- Straight & bent soldering tips
- Tube of solder - 1mm, tin/lead K60/40
- Tweezers
- Stand
- Sponge

Perfectly fuse your metal projects together with this fast heating tool.

For modelling, electronics, jewellery, hobby & smaller DIY tasks.

**Not for use in portable water systems.**

SC7000 **Soldering Iron Stand**

- Fitted with spring holder & sponge tray
- Essential for safe storage of your soldering iron
- Protects work surface from damage

This soldering iron stand is a perfect tool to safely store your iron and protects it from damage as well as your bench by keeping the heat away.

## Premium Quality High Performance Bits

SC7015/6 **Pencil Shaped Tip #6**

SC7015/8 **Chisel Shaped Tip #8**

- Length 15mm
- Diameter 3.5mm

SC7025/6 **Pencil Shaped Tip #6**

SC7025/7 **Wedge Shaped Tip #7**

SC7025/8 **Chisel Shaped Tip #8**

- Length 70mm
- Diameter 4mm

SC7040/6 **Pencil Shaped Tip #6**

SC7040/7 **Wedge Shaped Tip #7**

SC7040/8 **Chisel Shaped Tip #8**

- Length 75mm
- Diameter 5mm

SC7080/7 **Wedge Shaped Tip #7**

SC7080/8 **Chisel Shaped Tip #8**

- Length 90mm
- Diameter 7mm

SC7100/7 **Wedge Shaped Tip #7**

SC7100/8 **Chisel Shaped Tip #8**

- Length 100mm
- Diameter 8mm

SC4500 **Cordless Soldering Iron (4.5v - 6w)**

- Mobile battery operated soldering iron
- Runs off 3 AA batteries (not included)
- Indispensable for soldering jobs 'on-the-move'
- Very short pre-heating time
- Optimal heating power to the tip with integrated heating element

Perfect for soldering, welding & brazing. Ideal for craft & hobby use, jewellery, electronics & repairs.

SC4500/1 **Pencil Shaped #1 Spare Tip**

SC4500/3 **Chisel Shaped #3 Spare Tip**

SC1000 **Desoldering Pump**

- For removing molten solder from joints
- Spring loaded piston with button release
- For modelling, hobby & smaller DIY tasks

SC1020 **Solder Wire 20g**

- 1mm, tin/lead K60/40 - heats easily
- Quick melting - easy to use

Ideal for use on circuit boards, metals, models & sculptures. **Not for use in portable water systems.**

SC7081 **Lead Free Solder**

- Lead-Free Solder
- Quick melting - easy to use
- Complies with EU directives
- Can be used with most soldering irons

# GAS SOLDERING TOOLS

## SC0790 Butane Gas Micro Torch System

- For hand held or bench top use
- Electronic instant ignition system
- Anti-flaring
- Adjustable flame
- Max temperature 1300° C (2370° F)
- Working time about 60-90 minutes
- Optional attachments available

Perfect for soldering, welding & brazing. Ideal for craft & hobby use, jewellery, electronics & repairs.

### Attachments for Butane Gas Micro Torch

SC0790/11 **Soldering Head**  
Flameless  
Temp approx 400°C (750 F)

SC0790/41 **Hot Blower Head (4mm)**  
Flameless  
4mm

SC0790/51A **Hot Blower Head**  
Open flame 17mm  
Hot air temperature approx 700°C (1300 F)

SC0790/51B **Heat Reflector**  
Ideal for use when heat shrinking

## SC3000 Multipurpose Gas Soldering Kit (11 Piece)

- Soldering temperature up to 500°C (930 F)
- Flame welding & brazing up to 1300°C (2370 F)
- Hot air shrinking temperature up to 500°C (930 F)

Working time-60 minutes, based on a full tank & the flame length of 20mm (25/32").

### Accessories for Multipurpose Gas Soldering Tool

SC3000/10 **Soldering Head with Catalyst**

SC3000/21 **Standard Tip**

SC3000/22 **Diagonal Tip (3mm)**

SC3000/23 **Chisel Tip (3.5mm)**

SC3000/32 **Hot Knife**

SC3000/42 **Hot Blower (4mm)**

SC3000/52 **Reflector**

# PYROGRAPHY TOOLS

## SL2030 Pyrography Iron with 6 Bits

- Pyrography Iron 220-240V / 50-60 Hz
- 6 various externally heated tips for varying line shapes in wood & leather
- Power 30W
- Iron stand
- Operating manual
- 6 various externally heated tips for varying line shapes in & leather
- Great kit to start your pyrography adventure

## SL2026 Pyrography Craft Set (5 Piece)

- Pyrography iron 26w - 220-240V / 50-60 Hz
- 5 tips, Iron stand & operating manual
- Wooden craft box, metal tray for tips & 4 sheets of sanding paper
- Stencils, cleaning brush, screwdriver & tweezers

A comprehensive wooden boxed set containing all you need to enjoy this fascinating hobby. For burning or scorching designs on wood & leather.

## SL2010 Pyrography Multifunction Kit (14 Piece)

- Temperature controlled multi-station
- 24V / 20W iron plus 14 tips
- Electronic temperature step-less adjustment from 50°C to 500°C

A truly multi-purpose kit which can be used for a range of applications, including pyrography, soldering & wax modelling.

# LOW VOLTAGE ROTARY TOOLS

## Cordless Rotary Tool

The compact size means that work can be carried out in tight spaces where larger tools will not reach.

- RC09X**  
**9.6v Cordless Rotary Kit with 100 Accessories**
- 8,000-20,000rpm variable speed
  - 9.6v Ni-Mh battery with 2-3 hour charge time
  - Up to 35 minutes use between charges
  - Additional LED spotlight feature for lighting dark areas
  - Hanging hook
  - Comes with both UK & EU chargers
  - 100 various accessories
  - Handy padded zip bag

**RC09X/B**  
**Spare Battery for RC09X**  
 • 9.6v DC Ni-MH battery

## RC12/75A Mini Rotary Kit with 75 Accessories

### RC12 Mini Rotary Kit in Aluminium Case with 44 Accessories

- 12 volt compact rotary tool with plug-in transformer
- Single Speed 12,000 rpm
- 2.4m of cables (tool & transformer cables combined)
- Including collets 1, 2.35, 3, 3.2mm

RC12/75A

RC12

## RC7000

### Precision Drill Stand & Rotating Holder

For precise drilling work in wood, plastic, metal and PCBs.

- Drill stand with cast iron base for use with Rotacraft RC18EUK Rotary Tool (diameter 36mm), Rotacraft RC200X Slim Line Drill (diameter 25mm), as well as standard DIY electric drills with neck diameter 43mm
- Can be used as a vertical drill stand or as a drill holder when grinding, polishing or sanding
- Drill holder height can be adjusted up or down and can rotate 90 degrees

#### Technical Specifications:

- Column length: 400mm; Diameter: 25mm
- Maximum drilling depth: 60mm
- Base size: 160mm x 160mm
- Rotating Drill holder: 0-90 degrees
- Includes: 2 reducing collars dia.36mm & 25mm and hexagonal keys for stand adjustment

## RC18EUK Variable Speed Rotary Kit in Aluminium Case with 60 Accessories

- Pen-like 12-18v rotary tool with transformer
- In-built speed control 8000-18000 rpm
- 4m of cables (tool & transformer cables combined)
- 60 various accessories including collets 1, 2.35, 3, 3.2mm
- Attractive aluminium carry and storage case
- Includes both UK & EU adaptors

## RC200X Slimline Variable Speed Rotary Tool Kit with 75 Accessories

- Variable speed: 0 - 18,000 rpm
- Output voltage: 18V DC, 7.2W Max
- Input voltage: 230v, 50 Hz
- 75 versatile accessories

#### Includes:

- Collets 1.0, 2.35, 3.0, 3.2mm
- 1.6mm cable
- Handy padded ZIP bag
- Both UK & EU adaptors

## HIGH POWER ROTARY TOOLS

The 230 volt rotary tools, with extra power and torque, broaden the applications to include DIY, light engineering jobs to more professional applications.

### RC230X High Power Rotary Set with 100 Accessories & Flexi-Drive Kit

- Variable speed: 10,000-32,000 rpm
- Voltage: 230v, 50 Hz
- 2 grip positions - pen & palm
- 100 various accessories including collets 1.0, 2.35, 3.0, 3.2mm
- Attractive aluminium carry and storage case

LCD Display with digital speed settings

### RC250X High Power LCD Rotary Set with 100 Accessories

- LCD speed control 8,000-35,000 rpm
- 230v, 170w variable speed rotary tool
- Soft grip & 2 holding positions - pen & palm
- 100 accessories including collets 1.0, 2.35, 3.0, 3.2mm
- Hanging hook

A 230v tool with push button speed control & LCD display for exact speed settings.

## ACTIVITY SETS

Excellent value accessory sets covering a wide range of activities & tasks to fit all makes of mini rotary tools.

### RC9001 25 Piece Sanding & Shaping Set

- Shaft diameters 2.35mm & 3.2mm
- Includes flap sanders, sander bands and sanding discs
- For various material removal and renovation on smaller work pieces

### RC9002 30 Piece Cleaning & Polishing Set

- Shaft diameters 2.35mm & 3.2mm
- Includes wire & nylon brushes, felt & cotton buffs and sander bands
- For effective cleaning and polishing of small work pieces

### RC9003 30 Piece HSS Mini Drill Bit Set

- High Speed steel mini drill bits to fit all mini rotary tools
- Includes sizes: 0.5, 0.6, 0.8, 1.0, 1.2, 1.5, 1.8, 2.0, 2.35, 3.0mm

### RC9004 24 Piece HSS Carving & Milling Set

- High speed steel mini carving & milling burs
- Shaft 3.2mm diameter
- Includes various shapes, round, cone, taper and cylinder
- For use on wood, plastics, stone, glass and various metals

### RC9005 60 Piece Cutting & Grinding Set

- Rotary tool accessories to fit all mini rotary tools
- Shaft diameters 2.35mm & 3.2mm
- Includes grinding stones & wheels, reinforced cutting discs, carborundum slitting discs, mini steel circular saw blades and diamond cutting blades
- Ideal for various cutting and preparatory tasks on smaller workpieces

### RC9006 30 Piece Diamond Engraving Bit Set

- Rotary tool accessories to fit all mini rotary tools
- Shaft diameter 3.2mm
- Includes various shapes, round, cone, taper, flame and cylinder
- For craft or security engraving on glass, metals, stone and plastics

### RC9400 400 Piece Accessory Set & Case

- 400 various mini accessories
- For use with all mini rotary tools
- Shaft diameters 2.35mm & 3.2mm
- Including usage details with recommended maximum speeds
- Packed in handy carry and storage case
- Great value general purpose accessory set

# ENGRAVING, CUTTING, CLEANING & POLISHING

Super value accessories to fit all makes of mini rotary tools.

## RFR6200

### Diamond Bit Set (20 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts
- Suitable for use on wood, metal, plastic and glass
- Supplied in handy pop-up container

## RFR6201/3 Round Diamond Burs (3 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts

## RFR6202/3 Assorted Diamond Burs (3 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts
- Shapes: cone, cylinder and round

## RAB5167/5

### Carborundum Cutting Discs (38mm) x 5

- Maximum speed 30,000 rpm
- Diameter 38mm, thickness 1mm
- Traditional resin-bonded wheels

## RAB5209/10

### Carborundum Cutting Discs (22mm) x 10

- Maximum speed 30,000 rpm
- Diameter 22mm, thickness 0.6mm
- Traditional resin-bonded wheels

## Fine Cutting Saws

### 1 RSA2102/15 Fine Cutting Saws (15mm) x 2

### 2 RSA2102/19 Fine Cutting Saws (19mm) x 2

### 3 RSA2102/22 Fine Cutting Saws (22mm) x 2

### 4 RSA2102/S Fine Cutting Saws x3 (15,19,22mm) with Mandrel 2.35mm

- Fine tooth cutting saws
- For use on plastics, soft wood and non-ferrous metals

## RSA7004/S

### 3 Diamond Saws & Mandrel 2.35mm

- Diamond mini saw wheels for cutting soft and thin hard metals
- Diameter: 15, 19, 22mm

## RAR1304 Screw Top Mandrels (Arbors) x3

- Maximum speed 35,000 rpm
- Shank diameter 2.35mm (3/32")
- For use with saw blades & carborundum discs

## Polishing Buffs

### 1 RBF8019/2 2 Cotton Buffs

### 2 RBF8119/2 2 Chamois Buffs

### 3 RBF8322/2 2 Three-Fold Felt Buffs

### 4 RBF8422/2 2 Solid Felt Wheel Buffs

### 5 RBF8522/2 2 Knife-Edge Felt Wheel Buffs

### 6 RBF9000/S 3 Small Assorted Mounted Felt Buffs

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for delicate polishing and finishing work

## 1 RBU2700 3 Assorted Steel Brushes

## 2 RBU2900 3 Assorted Brass Brushes

- Shapes: wheel, cup and pencil
- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

## 1 RBU4610/3 3 Steel Cup Brushes

## 2 RBU4810/3 3 Brass Cup Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

## 1 RBU6647/3 3 Steel Pencil Brushes

## 2 RBU6847/3 3 Brass Pencil Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

## 1 RBU2721/3 3 Steel Wheel Brushes

## 2 RBU2921/3 3 Brass Wheel Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

## RBU2521/3 3 Goat Hair Wheel Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for gentle cleaning tasks on a variety of materials

## DRILLING, SANDING & SHAPING

Super value accessories to fit all makes of mini rotary tools.

### Flap Sanders

- RAB1120 **120G Flap Sander 15mm x 5mm x 2.35mm**
- RAB1240 **240G Flap Sander 15mm x 5mm x 2.35mm**
- RAB1320 **320G Flap Sander 15mm x 5mm x 2.35mm**

- RAB3080 **80G Flap Sander 30mm x 10mm x 2.35mm**
- RAB3120 **120G Flap Sander 30mm x 10mm x 2.35mm**

- Maximum speed 20,000 rpm
- For effective material removal, sanding and shaping in wood, fibreglass & stone
- Excellent for de-rusting metals

### Sanding Bands with Sanding Drums

- RAB8312/S **5 Coarse Sanding Bands with Sanding Drum**
- RAB8324/S **5 Medium Sanding Bands with Sanding Drum**
- RAB8332/S **5 Fine Sanding Bands with Sanding Drum**

- Glue bonded, silicon carbide sanders for fast material removal
- Maximum speed 20,000 rpm
- For sanding and shaping wood, fibreglass & stone
- Excellent for de-rusting metals
- Arbor 2.35mm

### Sanding Bands

- RAB8312/10 **10 Coarse Sanding Bands**
- RAB8324/10 **10 Medium Sanding Bands**
- RAB8332/10 **10 Fine Sanding Bands**

- Maximum speed 20,000 rpm
- For sanding and shaping wood & fibreglass
- Excellent for de-rusting metals

### Sanding Discs

- RAB8300 **5 Coarse & 5 Fine Sanding Discs with Rubber Pad**
- RAB8301/C **10 Coarse Sanding Discs**
- RAB8301/F **10 Fine Sanding Discs**

- Maximum speed 20,000 rpm
- 2.35mm arbor
- For finishing work on metal, plastic, wood and stone

### RC0709/CS 4 Collets

Suitable for use on:  
RC09X, RC12, RC18, RC230, RC230X & RC250X  
Sizes available:  
1.0mm, 2.35mm, 3.0mm, 3.2mm

### RC8232 Keyless Chuck (0 - 3.2mm)

Suitable for use on:  
RC09, RC230, RC230X, RC250X

### HSS Jobbers Drills

Super value accessories to fit all makes of mini rotary tools.

- RDR1905/03 **5 HSS Jobbers Drills (0.3mm)**
- RDR1905/04 **5 HSS Jobbers Drills (0.4mm)**
- RDR1905/05 **5 HSS Jobbers Drills (0.5mm)**
- RDR1905/06 **5 HSS Jobbers Drills (0.6mm)**
- RDR1905/07 **5 HSS Jobbers Drills (0.7mm)**
- RDR1905/08 **5 HSS Jobbers Drills (0.8mm)**
- RDR1905/09 **5 HSS Jobbers Drills (0.9mm)**
- RDR1905/10 **5 HSS Jobbers Drills (1.0mm)**
- RDR1905/12 **5 HSS Jobbers Drills (1.2mm)**
- RDR1905/15 **5 HSS Jobbers Drills (1.5mm)**
- RDR1905/18 **5 HSS Jobbers Drills (1.8mm)**
- RDR1905/20 **5 HSS Jobbers Drills (2.0mm)**

- Maximum speed 35,000 rpm
- HSS mini jobber drills (twist drills)
- Handy packs of 5 pieces
- Larger quantities available on request
- Used in hand held drill holders or in miniature rotary power tools

### 2.35mm Shank Drills

With the same size shank (2.35mm) there is no need to change collets to suit size of drill required.

- RDR2343/05 **3 Drills with 2.35mm Shank (0.5mm)**
- RDR2343/06 **3 Drills with 2.35mm Shank (0.6mm)**
- RDR2343/08 **3 Drills with 2.35mm Shank (0.8mm)**
- RDR2343/10 **3 Drills with 2.35mm Shank (1.0mm)**
- RDR2343/12 **3 Drills with 2.35mm Shank (1.2mm)**
- RDR2343/15 **3 Drills with 2.35mm Shank (1.5mm)**
- RDR2343/18 **3 Drills with 2.35mm Shank (1.8mm)**
- RDR2343/20 **3 Drills with 2.35mm Shank (2.0mm)**
- RDR2346/A **6 Drills with 2.35mm Shank (Assorted)**

- Maximum speed 35,000 rpm
- Sizes: 0.6, 0.8, 1.0, 1.2, 1.5, 2.0mm
- Ideal for use with drills requiring a collet

### RPDR4001 Microbox Drill Set (0.3-1.6mm) x20

- Maximum speed 35,000 rpm
- 20 high speed metric drills from 0.3 to 1.6mm in a handy slide-top microbox
- Dispenses one drill at a time and keeps drills securely in a place

This 20 piece set contains only the best quality HSS ground drills.

**Sizes include:** 0.30mm, 0.35mm, 0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm, 0.70mm, 0.75mm, 0.80mm, 0.85mm, 0.90mm, 0.95mm, 1.00mm, 1.20mm, 1.30mm, 1.40mm, 1.50mm & 1.60mm

### RPDR4004 Microbox Drill Set (No.61-80) x20

- Maximum speed 35,000 rpm
- Contains one of each HSS number (wire gauge) drill, sizes 61 to 80
- Handy sliding top index storage dispenser
- Keeps drills securely in place

This 20 piece set contains only the best quality HSS number (wire gauge) drills. Handy slide-top box releases only chosen drill.

**Sizes include:** 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80

### PDR4005 Microbox Shank Drill Set (0.5-2.2mm) x10

- Maximum speed 35,000 rpm
- High speed steel drills from 0.5 to 2.2mm all with stranded 2.35mm size shanks
- Handy sliding top index storage dispenser
- Keeps drill securely in place

This 10 piece set contains only the best quality HSS ground drills. These are designed to be held in a collet or chuck, particularly useful with miniature power drills.

**Sizes include:** 0.5mm, 0.6mm, 0.8mm, 1.0mm, 1.2mm, 1.3mm, 1.5mm, 1.8mm, 2.0mm, 2.2mm

# AIRBRUSHES & KITS

## Easy-to-Use Airbrushes & Kits

### Airbrush Characteristics:

- Easy to operate on-off trigger
- Comfortable rubbery ergonomic grip
- Simple snap-in paint jars for quick changeover
- Fixed hose connects to airbrush propellant
- Virtually no cleaning required (unlike most airbrushes)
- Can be used with compressor (adaptor included)

### Technical:

- Single Action (trigger regulates the air flow only)
- External mix (air/paint mixed outside the airbrush)
- Spray pattern approx. 12 - 50mm
- Dual adjustment - airbrush nozzle & jar twist

### SP10 Easy-to-Use Airbrush

#### Contents:

- SP10 airbrush with hose & propellant adaptor fitted
- 1 x ½ oz paint jar with quick change cap & lid
- Compressor adaptor, cleaning wire & instructions

### SP10EL Easy-to-Use Airbrush Starter Kit

#### Contents:

- SP10 airbrush with hose & Propellant adaptor fitted
- Paint jar - ½ oz with quick change cap & lids
- 300ml air propellant (SP9300)
- Compressor adaptor, cleaning wire & instructions

### SP10K Easy-to-Use Airbrush Kit

#### Contents:

- SP10 airbrush with hose & Propellant adaptor fitted
- 2 paint jars - ½ oz & 1 oz with quick change cap & lids
- 300ml air propellant (SP9300)
- Compressor adaptor, cleaning wire & instructions

## All Purpose Airbrushes & Kits

### Airbrush Characteristics:

- Ergonomic lightweight resin handle
- Adjustable for varying line widths
- Easy to clean removable spray tips
- Quick change nozzle system
- Fixed hose connects to airbrush propellant
- Can be used with compressor (adaptor included)

### Technical:

- Single Action (trigger regulates the air flow only)
- External mix (air/paint mixed outside the airbrush)
- Spray pattern approx. 0.8-38mm

### SP20 All Purpose Airbrush

#### Contents:

- SP20 airbrush with hose & propellant adaptor
- Paint jar - ½ oz with quick change cap & lid
- 3 easy change spray tips
- Compressor adaptor & instructions

### SP20K All Purpose Airbrush Kit

#### Contents:

- SP20 Airbrush with hose & propellant adaptor fitted
- 2 paint jars - ½ oz & 1 oz, quick change caps & lids
- 3 easy change spray tips
- 300ml air propellant (SP9300)
- Compressor adaptor & instructions

## Multi-Purpose Airbrushes

### SP50K Classic Multi-Purpose Airbrush Kit

A dual action internal mix airbrush, for fine detail work or rapid overall coverage.

#### Airbrush Characteristics:

- Fluid control knob for easy adjustment
- Exceptional atomisation & accurate spray control
- Sprays light to heavy viscosity media
- Self centring drop-in nozzle for perfect alignment with even control through spray range
- 0.5 needle and nozzle

#### Technical:

- Dual action (press down for air & back for paint)
- Internal mix
- Spray pattern approx. 1.6 - 38mm

#### Contents:

- SP50 internal mix airbrush
- 2 paint jars: ¾ oz (22cc) & lids
- Vinyl hose
- Regulator adaptor for air propellant
- 300ml air propellant (SP9300)
- 150ml airbrush cleaner
- Instructions

### SP30KC Gravity Feed Airbrush & Compressor Kit

A single action gravity feed airbrush and mini compressor with 3 pressure settings.

#### Airbrush Characteristics:

- Gravity feed top mounted
- 2cc colour cup
- Needle/Nozzle diameter 0.4mm
- Constant air flow & easy to maintain

#### Compressor Characteristics:

- Very quiet in use with power 9W, current less than 800mA
- Max air pressure 15psi
- 3 pressure settings: low (6lpm), medium (6.5lpm), high (7lpm)

#### Contents:

- SP30 Gravity Feed Airbrush
- Hose
- Mini Compressor 230v with inbuilt airbrush holder
- Instructions

### SP35 Dual Action Airbrush

#### Airbrush Characteristics:

- Gravity feed 2cc fluid cup with lid
- Fluid control knob for easy adjustment
- Exceptional atomisation & accurate spray

#### Contents:

- Gravity feed dual action airbrush
- Nozzle size 0.35mm
- Gravity feed 2cc fluid cup & lid

### SP60 Universal Dual Action Airbrush

#### Airbrush Characteristics:

- Dual action internal mix airbrush with gravity & siphon feed options
- Excellent for very fine detailing as well as broader coverage

#### Contents:

- Nozzle size 0.5mm
- Preset colour flow control
- Interchangeable side feed fluid cups
- 7cc metal gravity feed cup
- 22cc glass syphon feed bottle
- 80cc plastic syphon feed bottle
- Caps are interchangeable

### SP66 Professional Airbrush & Compressor Kit

High performance single & dual action gravity feed airbrush with zero maintenance compressor.

#### Compressor Characteristics

- Zero-maintenance, oil-less piston air compressor
- Pressure Adjustable with gauge
- Airbrush holder
- 2m braided hose
- Max air pressure 50psie

# COMPRESSORS & ACCESSORIES

## Air Propellants

- 1 SP9300 Air Propellant - 300ml
- 2 SP9500 Air Propellant - 500ml
- 3 SP9750 Air Propellant - 750ml

- The ideal air source
- For short and intermittent usage
- With all types and makes of airbrush

### SP2055 Mini Compressor

**Includes:** convenient on-off switch, rubber feet, in-built handle, airbrush Holder

- Airflow: 7-13 lpm
- Max Pressure 45psi
- Oil-less Diaphragm
- 230v, 50Hz
- Weight: 2.1kgs
- Fan cooling
- Recoil hose
- 2m power cord

### SP2027 Entry Level Compressor

**Includes:** pressure gauge, airbrush holder, pressure adjuster, recoil hose, all necessary adaptors

- Airflow: 12-13 lpm
- Max pressure 40psi
- Size: L15xW15.5xH18cm
- Weight: 3kgs

### SP2101 Standard Compressor

**Includes:** pressure gauge, simple pressure adjustment, moisture trap, recoil hose, all necessary adaptors

- Motor: 1/8 HP AC
- Airflow: 12-16 lpm
- Max. pressure: 65 psi
- Size: L27xW14xH17cm
- Weight: 3.5kgs

### SP2501 General Purpose Compressor

**Includes:** pressure gauge, moisture trap, pressure adjuster, recoil hose, all necessary adaptors

- Motor: 1/8 HP AC
- Airflow: 12-16 lpm
- Max. pressure: 60psi
- Preset 40psi on / 55psi off
- Size: L33xW15.5xH36.5cm
- Weight: 8kgs

### SP2500 General Purpose 'Plus' Compressor

**Includes:** adjustable pressure gauge with water trap, 2.5 litre air tank, recoil hose, all necessary adaptors

- Automatic stop/start
- Motor: 1/8 HP AC
- Airflow: 23-26 lpm
- Max. pressure: 60psi
- Preset 40psi on / 55psi off
- Size: L33xW15.5xH36.5cm
- Weight: 8kgs

### SP3512 Portable Fold Away Spray Booth

Indoor spraying without the mess.

**Includes:**

- Spray booth
- Filter
- Ventilation hose
- Turntable 22cm

Voltages Available:  
220-240V

Power: 16w

Airflow: 3m<sup>3</sup>/min

Noise Level: 45db

Open Dimensions:  
40.4 x 47.5 x 33.5cm

Closed Dimensions:  
40.5 x 21.5 x 29cm

Net Weight: 5.0kg

### SP2356 Masking Film 30cm x 4m

- Self adhering
- Can be cut directly on the work surface

### Nozzles for SP20 and SP20K

- 1 SP9345/R Fine Nozzle (0.46mm)
- 2 SP9345/O Medium Nozzle (0.70mm)
- 3 SP9345/Y Broad Nozzle (1.02mm)
- 4 SP9345/S Set of 3 Assorted Nozzles

### SP1601 32mm Liquid Acrylic Colours x6

**Includes:** Red, White, Blue, Yellow, Green, Black

- For metals, glass, paper, canvas, wood, leather, fabrics, ceramics & clay

- Can be mixed for layering or glazing on large surfaces & painting miniatures

### SP9120 Instant Spray Cleaner

- To clean away residues of paint
- Clean head assemblies, regulators and needles

### SP5003 3 Jars for SP50

- 3 x 22cc jars (3/4oz) with screw-on metal lids
- For P50 and other similar dual action airbrushes

### SP5004 4 Jars for SP10 & SP20

- 2 x 1/2oz and 2 x 1oz jars with screw-on lids
- For SP10 and SP20 airbrushes

### SP2700 Cleaning Jar with Airbrush Holder

- Cleaning residual paints and cleaners in airbrushes
- The cap can be used as a mixing and water palette
- The lid doubles up as an airbrush holder
- Includes filters

### SP5000/M Spare Needle for SP50K Airbrush

# TABLE MAGNIFIER DAYLIGHT LAMPS

## Flexi Magnifier Lamps

**LC8082 Fluorescent Flexi Magnifier Lamp**  
A 12w daylight lamp with glass magnifier lens & flexible neck.

- 12 watt circular energy saving tube (LC8093/T)
- Shadow free light with no heat emission
- Quality 100mm (4") lens, 3 dioptre (1.75x mag.)
- Compact, ergonomic design with table base & lens cap
- Cable length 1.5m

ENERGY RATING **A+**  
12 kWh/1000h

**FLOURESCENT**  
6300K

**LC8082LED LED Flexi Magnifier Lamp**  
A 5w daylight lamp with glass magnifier lens & flexible neck.

- 18 white LED bulbs, only 5w in total
- Shadow free light with no heat emission, energy saving
- Quality 100mm (4") lens, 3 dioptre (1.75x mag.)
- Compact, ergonomic design with table base & lens cap
- Cable length 1.5m

ENERGY RATING **A+**  
5 kWh/1000h

**LED**  
6300K

**UK&EU PLUGS INCLUDED**

## Compact Magnifier Lamps

**LC8093 Fluorescent Compact Magnifier Lamp**  
A 12w daylight lamp with round glass lens & inbuilt close-up lens.

- 12 watt circular energy saving tube (LC8093/T)
- Shadow free light with low heat emission
- Quality 100mm (4") lens, 3 dioptre (1.75x mag.)
- Built-in close up lens 12 dioptre (4x mag.)
- Ergonomic design with table base & lens cap
- Cable length 1.5m

ENERGY RATING **A**  
12 kWh/1000h

**FLOURESCENT**  
6400K

**UK&EU PLUGS INCLUDED**

**LC8093LED LED Compact Magnifier Lamp**  
An energy efficient 2w LED daylight lamp with glass lens.

- 30 white LED bulbs, 2w in total, energy saving
- 100mm (4") glass lens, 3 dioptre (1.75x mag.)
- Built-in close up lens 12 dioptre (4x mag.)
- Ergonomic design with table base & lens cap
- Cable length 1.5m

ENERGY RATING **A+**  
2 kWh/1000h

**LED**  
6500K

**UK&EU PLUGS INCLUDED**

**LC8095LED LED Wide Lens Magnifier Table Lamp**  
An energy efficient 9w LED daylight lamp with wide glass lens.

- 56 pcs SMD LED, only 9w in total
- Shadow free light with low heat emission, energy saving
- Quality 175 x 108mm (7" x 4.32") lens, 3 dioptre (1.75x mag.)
- Built-in close up lens 12 dioptre (4x mag.)
- Ergonomic design with table base & lens cap
- Cable length 1.5m

ENERGY RATING **A+**  
9 kWh/1000h

**LED**  
6500K

**UK&EU PLUGS INCLUDED**

**LC8098 Fluorescent Magnifier Organiser Table Lamp**  
A 16w fluorescent daylight lamp with round glass lens.

- 16 watt circular energy saving tube (LC8098/T)
- Shadow free light with no heat emission
- Quality 125mm (5") lens, 3 dioptre (1.75x mag.)
- Ergonomic design with storage slots in base
- Cable length 1.5m

ENERGY RATING **A**  
16 kWh/1000h

**FLOURESCENT**  
6400K

**UK&EU PLUGS INCLUDED**

## LONG REACH DAYLIGHT MAGNIFIER LAMPS

### LC8076 Fluorescent Slim Line Magnifier Lamp

A round 16w daylight lamp with glass lens & removable sun protector cap.

- Fitted with a 16 watt energy saving fluorescent tube (LC8076/T)
- Shadow free light with low heat emission
- Electronic ballast – more energy efficient
- Quality 125mm (5") glass lens, 3 dioptre (1.75x mag.)
- Removable sun protector cap
- Includes table clamp with cone holder for extra stability
- Cable length 1.5m

### LC8074 Fluorescent Classic Round Magnifier Lamp

A classic round 22w daylight lamp with glass lens & quick positioning handle.

- Fitted with a 22w circular energy saving tube (LC8064/T)
- Shadow free light with low heat emission
- Quality 125mm (5") lens, 3 dioptre (1.75x mag.)
- Electronic ballast – more energy efficient
- Robust metal construction & grab handle for easy positioning
- Includes table clamp with cone holder for extra stability
- Cable length 1.5m

### LC8079 Fluorescent Rectangular Long Reach Magnifier Lamp

A 28w robust daylight lamp with high quality wide glass lens.

- Fitted with a 28 watt circular energy saving tube (LC8079/T)
- Shadow free light with low heat emission
- Electronic ballast – more energy efficient
- Quality 190 x 160mm (7.5 x 6.2") lens, 3 dioptre (1.75x mag.)
- Ergonomic design with built-in handle & sun protector cap
- Includes table clamp

### LC8060LED LED Professional Magnifier Lamp

An energy efficient 9w LED daylight lamp with glass lens and long reach arms.

- 56 white LED bulbs, only 9w in total
- Shadow free light with no heat emission
- Quality 125mm (5") removable lens, 3 dioptre (1.75x mag.)
- Ergonomic design with built-in handle & sun protector cap
- Includes table clamp
- Cable length 1.6m

### LC8060/L Spare Lens for LC8060LED Lamp (5 Dioptre)

- Magnification: 2.25x

### LC9090LED LED Pro Magnifier Lamp with 2 Interchangeable Lenses and Dual Dimmer Function

An energy efficient 1-9w LED lamp with two interchangeable lenses and dual dimmer function offering complete versatility for workshop, office or home.

- 90 piece SMD LED - energy efficient, only 1-9w
- Dual dimmer function from soft white to daylight
- Quality 125mm (5") removable 3 dioptre lens (1.75x mag.)
- Includes additional 125mm (5") 5 dioptre lens (2.25x mag.)
- Long reach arms and sturdy joints for complete flexibility & positioning
- Built-in handle & sun protector cap extra stability
- Cable length 1.5m

Interchangeable - 3 dioptre lens

Interchangeable - 5 dioptre lens

# TASK LAMPS

## LC8045LED LED Cordless Folding Lamp with Mains UK/EU Plugs & USB Slot Plug

An energy efficient 3w LED Rechargeable lamp with Dimmer Feature. Cordless usage time: 100% light 1.5hrs, 50% light 3hrs, 10% light 8hrs.

- DC5v, 500mA; 3w maximum
- Dimmable LED task lighting & smaller night light
- Portable & Rechargeable
- Energy efficient – low heat emission
- Charge time - 3 hours from empty
- Mini stand for desk use or hanging slot for night light
- 2m USB cable for use through Computer/Laptop
- Mains UK/EU Plug with USB slot

## LC8040LED Slim-Line LED Task Lamp with 3 Step Dimmer

An energy efficient 1.8w LED rechargeable lamp with dimmer feature.

- 18 piece LED • 3 step dimmer (low, medium high)
- Folding task light • Voltages: DC5v, 0.5A, 1.8w
- Light Specification: LED 18 piece
- Colour Temp: 5000-5500 kelvin
- Switch: Touch switch with a 3 step dimmer • Charging time: 3-4 hours • Usage time: up to 6 hours • USB Cable: 1.5m for use with USB sockets

## LC8045LED/USB LED Cordless Folding Lamp with USB Slot Plug

As above (without UK & EU Plug)

## LC8011 Fluorescent Twin Tube Professional Task Lamp

A daylight professional lamp. Ideal for lighting larger work spaces.

- 2 x 15 watt energy saving tube (LC8011/T)
- Shadow free light with no heat emission
- Robust metal construction
- Easily positioned to suit
- Includes bench clamp
- Cable length 1.5m

## LC8015 Fluorescent Triple Tube Professional Task Lamp

A long reach daylight task lamp. Ideal for lighting larger work spaces.

- 3 x 14 watt energy saving tube (LC8015/T)
- Shadow free light with low heat emission
- Ergonomic design and easily positioned to suit
- Lamp head size: 61 x 11 x 6cm
- Includes bench clamp
- Cable length 1.5m

## LC8015LED LED Professional Task Lamp

A professional 21w LED long reach task lamp perfect for lighting up larger work spaces, with the flexibility of an inbuilt dimmer feature.

- 84 white LED bulbs, only 21 watt in total
- Energy efficient
- Bulbs never need replacing
- Shadow free, cool light
- Multi-Function dimmer switch
- Ergonomic design and easily positioned to suit
- Sturdy joints for simple positioning
- Includes bench clamp
- Cable length 1.5m

## TUBES

### LC8011/T Fluorescent Tube for LC8011 Lamp

- 15w energy saving tube
- Shadow free light with no heat emission

### LC8015/T Fluorescent Tube for LC8015 Lamp

- 14w energy saving tube
- Shadow free light with no heat emission

### LC8064/T Fluorescent Tube for LC8064 & LC8074 Lamps

- 22w circular daylight fluorescent tube
- Shadow free light with no heat emission

### LC8076/T Fluorescent Tube for LC8076 Lamp

- 16w circular daylight fluorescent tube
- Shadow free light with no heat emission

### LC8079/T Fluorescent Tube for LC8079 Lamp

- 28w circular daylight fluorescent tube
- Shadow free light with no heat emission

### LC8093/T Fluorescent Tube for LC8082 & LC8093 Lamps

- 12w circular daylight fluorescent tube
- Shadow free light with no heat emission

### LC8095/T Fluorescent Tube for LC8095 Lamp

- 22w circular daylight fluorescent tube
- Shadow free light with no heat emission

### LC8098/T Fluorescent Tube for LC8098 Lamp

- 16w energy saving tube
- Shadow free light with no heat emission

## ATTACHMENTS

### LC8064/BB Screw Down Bench Bracket

- 3 screws (not included)

### LC8064/WB Wall Bracket

- Holds up to 4 kilograms
  - 3 screws (not included)
- Can be screwed into wall or other vertical surface.

### LC8064/TC Table Clamp

- Capacity: 65mm / 2.5"

Table clamp can be mounted on a desk or any other furniture where the Lightcraft lamp can be placed.

### LC8069/TC Table Clamp for LC8069 & LC8079 Lamps

- More than just a support for your lamp
- Well engineered durable construction
- Capacity: 65mm / 2.5"

### LC8064/FS Floor Stand

- Ideal to move around and adjust

### LC8064/TB Table Base (10kg)

- Holds up to 10 kilograms
- Actual weight - 6 kilograms

### LC8066/TB Table Base (4kg)

- Holds up to 4 kilograms
- Actual weight - 4 kilograms

# MAGNIFIERS & LIGHTBOXES

## LC1850 Neck & Desk Magnifier with 2 LED Lights

- Quality 100mm/4" Lens with 2x magnification
- Inbuilt mini lens with close-up 6x magnification
- Twin bulb LED light
- Dual purpose hands free neck magnifier with adjustable cord and table stand
- 3 x AAA batteries required (Not Included)

## LC1764 Standard Headband Magnifier Kit

Fully adjustable headband includes 4 interchangeable optical lenses and build-in spotlight.

Magnification 1.2x working distance	500 - 600mm	(20 - 24")
Magnification 1.8x working distance	225 - 300mm	(9 - 12")
Magnification 2.5x working distance	125 - 250mm	(5 - 10")
Magnification 3.5x working distance	75 - 125mm	(3 - 5")

- Fully adjustable tough plastic headband
- 4 precision ground interchangeable lenses
- Plastic protection case for lenses
- Battery operated adjustable spotlight & Switch
- 2x AAA 1.5V batteries included

## LC1765 Deluxe LED Headband Magnifier Kit

Fully adjustable headband includes 4 interchangeable optical lenses and detachable triple LED spotlight with magnetic base.

Magnification 1.2x working distance	500 - 600mm	(20 - 24")
Magnification 1.8x working distance	225 - 300mm	(9 - 12")
Magnification 2.5x working distance	125 - 250mm	(5 - 10")
Magnification 3.5x working distance	75 - 125mm	(3 - 5")

- Detachable triple LED white light
- Spotlight with magnetic base, can be used separately
- Fully adjustable tough plastic headband
- 4 precision ground interchangeable lenses
- Plastic protection case for lenses & cleaning cloth
- Plastic infill for headband when LED used separately
- Requires 3 x AAA 1.5v batteries (not included)

LED

## LC1770 5 Lens Magnifier Set

Ideal for close-up precision work leaving your hands free. This set includes 5 interchangeable optical lenses & detachable twin bulb LED spotlight.

Magnification 1.0x working distance	250 - 350mm	(10 - 14")
Magnification 1.5x working distance	200 - 300mm	(8 - 12")
Magnification 2.0x working distance	175 - 275mm	(7 - 11")
Magnification 2.5x working distance	125 - 250mm	(5 - 10")
Magnification 3.5x working distance	75 - 125mm	(3 - 5")

- Comfortable, lightweight spectacle frame
- 5 precision interchangeable lenses
- Plastic protection case for lenses
- Fitted with 3 x LR1130 batteries

## LC1875 LED Dome Magnifier

- Plano-convex glass magnifier lens, diameter 6.75cm (2 2/3")
- Magnification 3x (7.5 dioptre)
- 3 White LED bulbs switch on/off by pressing dome
- Fitted with 2x CR2016 LiMn batteries

## LC1890 Handheld Magnifier (2.5x)

- Magnification 2.5x
- Lens dimensions 90mm diameter
- 2 white LED bulbs - push switch to turn on/off
- Soft grip body - comfortable to hold
- Inbuilt rest for placing safely on desk
- 3 x LR1130 batteries fitted

## LC1901 Handheld Magnifier with Inbuilt Stand

- Magnification 4x
- Lens dimensions 2" x 2"
- 2-way switch
- 5 smaller LEDs & 1 larger LED
- Rubberised body - comfortable grip
- In-built stand for specific positioning
- 2 x AAA batteries fitted

# Lighboxes

## LC2004LED Ultralim A4 Lightbox

## LC2003LED Ultralim A3 Lightbox

Ideal for tracing designs and patterns for stencilling, embossing, scrap-booking, quilting, sewing, embroidery, calligraphy, lettering and displaying slides & transparencies.

- Dimmable LED lighting
- Consistent light across the whole panel face
- Tracing area that comfortably takes A4/A3 size
- Energy efficient - low heat emission
- 2m USB cable for use through Computer Laptop
- Mains UK/EU plug with USB slot included

# SHESTO MERCHANDISING SOLUTIONS

## Shesto Tools Display Starter Range

Shesto exclusive brands with over 90 products:

- Modelcraft - hand tools
- Rotacraft - rotary tools
- Soldercraft - soldering equipment
- Spraycraft - airbrushing
- Lightcraft - magnifiers

Space saving spinner stand with:

- Base storage
- Lockable wheels
- Product hooks
- Header

## Modelcraft Craft & Hobby Knife Centre

- 28 quality craft & hobby knives & blades
- Versatile display that can stand or hang
- Includes header & product hooks

## Modelcraft Cutting Mat Display

- Quality self healing Modelcraft cutting mats
- Floor display

- 5 Sizes:
  - A1 x5 units
  - A2 x5 units
  - A3 x18 units
  - A4 x18 units
  - A5 x18 units
  - A6 x5 units
